**Re: New Softs Calendar Spread Options Incentive Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, an amendment extending the term of the ICE Futures U.S. Softs Calendar Spread Options Incentive Program (“Program”), which is set forth in Exhibit A. The Exchange believes that the Program, which was launched in March of this year, has incentivized additional liquidity and volume in the covered calendar spread options contracts. As such, the Exchange is extending the Program for an additional two years. All other Program terms remain unchanged.

The Exchange certifies that the new Program complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange is not aware of any opposing views with respect to the amendment, which will become effective on January 1, 2022. The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website.
