Re: Amendments to the MSCI Contract New Member Exchange Fee Program - Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, the amendments to the terms and conditions of the MSCI Contract New Member Exchange Fee Program (“Program”), which are set forth in Exhibit A.

The Program offers market participants that are members or member firms of IFUS or another qualifying exchange an opportunity to benefit from MSCI rebates as they scale up their MICRO NYSE MICRO FANG+ and MSCI Index futures volume. The Program is only open to firms that have never been in an MSCI incentive program or have never received MSCI rebates for the past 18 months. Participants may only be enrolled in the Program for 12 months and will be transitioned to the MSCI Member Program after that time.

Program participants who execute at the requisite monthly central limit orderbook volume of MICRO NYSE FANG+ Index futures during a calendar month will earn a discount on Exchange and clearing fees for MSCI Index futures contracts based on the volume of such contracts they traded during that calendar month. The Program is structured in tiers which offer participants progressive discounts based on their monthly volume. Both screen and non-screen (off-Exchange) volume are included in determining a participant’s monthly volume in the Program and both are eligible for any discounted Exchange and Clearing fee earned. Participants may earn deeper discounts by meeting additional monthly trading requirements in specified MSCI Index futures contracts.

As set forth in Exhibit A, the amendments to the Program: (i) limit Program rebates, which were previously available for all MSCI Index futures volume, to MSCI EM Index futures (MME) and MSCI

EAFE Index futures; and (ii) eliminate T2 rebates, which were available to participants that met associated contract trading requirements.

The Exchange certifies that the Program continues to comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange's Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange is not aware of any opposing views with regard to the new Program, which will become effective on January 1, 2023, and further certifies that, concurrent with this filing, a redacted copy of this submission was posted on the Exchange's website at (<https://www.theice.com/futures-us/regulation#rule-filings>).

EXHIBIT A

ICE Futures U.S.[®], Inc. MSCI Contract New Member Exchange Fee Program

The program offers entities that are members of a number of qualifying derivatives exchanges and that execute proprietary trades in MSCI Futures and NYSE MICRO FANG+™ Index Futures to earn a discounted Exchange and Clearing fee for their program volume in ~~MSCI contracts~~ MSCI EM Index futures (MME) and MSCI EAFE Index futures each month. The Program is designed to allow new participants an opportunity to benefit from MSCI rebates as they scale up their MICRO FANG+ and MSCI volume. Eligible participants include firms that have never been in an MSCI program or have never received MSCI rebates for the past 18 months. The Exchange provides this program as a one - time opportunity for eligible firms. Participants will not be allowed to sign up again for this program in the future.

In order to be eligible for MSCI rebates, participants need to meet the following CLOB volume requirements:

- 1,000 sides MICRO FANG+ and 5,000 sides MSCI for calendar month 1
- 2,000 sides MICRO FANG+ and 10,000 sides MSCI for calendar months 2 and 3
- 5,000 sides MICRO FANG+ and 15,000 sides MSCI for calendar months 4, 5, and 6
- 10,000 sides MICRO FANG+ and 15,000 sides MSCI for calendar months 7, 8, and 9
- 15,000 sides MICRO FANG+ and 15,000 sides MSCI for calendar months 10, 11, and 12

Participants will be transitioned to the existing Member Program after 12 months or when they achieve a monthly MICRO FANG+ volume of 30,000 sides and MSCI volume of 25,000 sides.

For participants who meet the above volume thresholds, the amount of the discounted Exchange and Clearing Fee for ~~MSCI contracts~~ MSCI EM Index futures (MME) and MSCI EAFE Index futures earned in a calendar month is based on the participant's MSCI total contract volume in the month, as shown below:

•T2 fees are achieved if the participant meets for a given month the following volume requirements for the designated "Associated Contracts":

Associated Contracts:

MSCI-EM Asia NTR (ASN)

MSCI World NTR (MWS)

MSCI-EM NTR (MMN)

MSCI India NTR (MIN)

MSCI USA GTR (USS)

Volume requirement (monthly basis):

Non-Roll months – 250 lots

Roll Months (i.e., March, June, September, and December) – 1,000 lots

Volume can be done in one contract or split between all four of the associated contracts

All volume in the associated contracts is cumulative and can be done over the course of the month to achieve T2 fees

In calculating the monthly rebate amount for a Participant, the fee rate shown above for each Tier will be applied to all volume within that Tier. So, for example a Participant that trades 7,000 sides of program volume in calendar month 1 will receive the Tier 1 rates for Screen and Non-Screen volume for the first 5,000 sides and will receive the Tier 2 discounted rates for Screen and Non-Screen trades for the next 2,000 sides.
