Re: Amendments to New Jurisdiction Volume Incentive Program-
        Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6(a)

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6(a), ICE Futures U.S., Inc. ("Exchange") submits, by written certification, notice that the Exchange is extending the term of the New Jurisdiction Volume Incentive Program (the "Program") through December 31, 2022, as set forth in Exhibit A. As explained in Exhibit A, the Exchange is extending the term because it believes that the Program, which was launched in February 2013 and set to expire on December 31, 2020, has helped establish tighter markets and greater liquidity in the covered contracts.   All other Program terms will remain the same.

The Exchange certifies that the amended Program, which will become effective on January 1, 2021, complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program is structured to not create incentives for participants to engage in market abuses such as manipulative trading or wash sales.   In addition, the Exchange's Market Regulation Department actively monitors for trading abuses using electronic exception reports and can take appropriate action against any participants engaging in market abuses. The Program does not impact order execution priority or otherwise give participants any execution preference or advantage.

The Exchange further certifies that, concurrent with this filing, a redacted copy of this submission (consistent with the petition for Confidential Treatment filed contemporaneously with the Commission) was posted on the Exchange's website at (https://www.theice.com/futures-us/regulation#rule-filings). The Exchange is not aware of any substantive opposing views by members or others with respect to the amendments to the Program.
