**Re: Amendments to the MSCI Contract Investment Bank Trading Incentive Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) submits, by written certification, notice that the Exchange is amending the MSCI Contract Investment Bank Trading Program (“Program”) to extend the term of the Program through December 31, 2021, as set forth in Exhibit A. The Program was launched in August of 2020 and was scheduled to expire on December 31, 2020. The Exchange believes the Program will continue to incentivize participants to trade the Exchange’s MSCI Index futures complex, increasing volume and liquidity as a result. Therefore, the Exchange is extending the Program an additional year. The amendments will become effective on January 1, 2021.

The Exchange certifies that the amended Program complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the new Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website. A copy of this submission may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>). The Exchange is not aware of any opposing views with respect to the Program.
