**Re: CFTC Regulation 40.6(a) Certification: Modification to Fee Schedule
Coinbase Derivatives Submission #2024-26**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“**CFTC**” or “**Commission**”) Regulation 40.6(a), Coinbase Derivatives, LLC (the “**Exchange**”) hereby submits for self-certification modification to the fee schedule (“**Amendments**”) reflecting changes made for the Micro Crude Oil Futures Contract and the establishment of fees for the nano Crude Oil Futures Contract and the Gold Futures Contract (collectively, the “**Contracts**”), as more specifically described in Appendix A. Please note that Exchange submissions 2024-21 and 2024-22 for listing of Gold Futures Contract and listing of nano Crude Oil Futures Contract, respectively, were filed with the Commission on May 15, 2024. The modifications to the Contracts will become effective on June 3, 2024.

Compliance with Core Principles

The Exchange has reviewed the designated contract market (“**DCM**”) core principles (“**Core Principles**”) set forth in the Commodity Exchange Act and the CFTC rules thereunder and has identified the following Core Principles that may be directly implicated by Amendments:

Core Principle 2 – Compliance with Rules and Core Principle 4 – Prevention of Market Disruption

All trading on the Exchange is subject to the Exchange’s Rulebook (the “**Rulebook**”) including Chapter 5, which prohibits fraud, non-competitive trading, market manipulation and abusive and disruptive trade practices. Capitalized terms not otherwise defined herein are defined in the Rulebook. Additionally, as with all trading on the Exchange, trading is subject to monitoring and surveillance by the Market Regulation Department, which has the authority to investigate and enforce Exchange rules, as described in Chapter 7.

Core Principle 3 - Contracts Not Readily Subject to Manipulation

The Exchange continues to believe that the Contracts are not subject to manipulation.

Core Principle 7 - Availability of General Information

The Exchange shall continue to publish on its website and in its Rulebook the specifications, terms, and conditions of the Contracts.

Core Principle 8 - Daily Publication of Trading Information

The Exchange shall continue to publish on its website, on a daily basis, the trading volumes, open interest, and price information for the Contracts.

Core Principle 9 – Execution of Transactions

The Contracts will continue to be listed for trading on the Exchange's trading system, which provides for efficient, competitive, and open execution of transactions pursuant to the Exchange Rulebook.

Core Principle 11 - Financial Integrity of Transactions

The Contracts will be cleared by Nodal Clear, LLC, a CFTC registered derivatives clearing organization subject to the CFTC regulations related thereto.

Core Principle 12 – Protection of Markets and Market Participants

Chapters 4 and 5 of the Rulebook require all market participants to observe high standards of integrity, market conduct, commercial honor, fair dealing, and just and equitable principles of trade and prohibits, among other things, fraud, non-competitive trading, market manipulation, and abusive and disruptive trade practices. As with all contracts traded on the Exchange, the Contracts will be subject to monitoring and surveillance by the Market Regulation Department.

Certification

The Exchange is not aware of any substantive opposing views to the Amendments. The Exchange certifies that the Amendments comply with the Commodity Exchange Act and the rules and regulations promulgated thereunder.
