Re: Amendments to ICE Futures U.S. Henry Hub Development Program - Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, an amendment extending the term of the Henry Hub Development Program (“Program”), as set forth in Exhibit A. The Exchange believes that the Program, which was launched on January 1, 2023 at set to expire on September 30, 2024, will continue to incentivize participants to utilize the Exchange’s Henry Hub futures and options markets increasing both the volume and the liquidity in such markets.

The Exchange certifies that the new Program, which will become effective on January 1, 2023, complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website. A copy of this submission may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>). The extension will become effective on October 1, 2024. The Exchange is not aware of any opposing views with respect to the Program.
