

**Amendments to Strike Price Listing Schedules for Certain Options on E-mini Nasdaq-100 Index Futures, Options on E-mini Russell 2000 Index Futures Contracts**

Effective Sunday, January 13, 2019, for trade date Monday, January 14, 2019, Chicago Mercantile Exchange Inc. (“CME”) will amend the exercise price listing rules of certain Options on E-mini Nasdaq-100 Index<sup>®</sup> Futures (“NQ options”) and Options on E-mini Russell 2000 Index<sup>®</sup> Futures (“RTY options”) (collectively, “option contracts”) as described below in Section 1.

**Section 1**

The following table shows the new strike listing intervals for different options that are predicated on the E-mini Nasdaq-100 futures. It also shows when those intervals become effective during the life-cycle of the particular option. For example, when the Quarterly options for a particular expiration date are first listed, the interval between strikes is 100 points; the strikes are listed at levels that range from 50% of the current futures price to 130% of that same price. When those Quarterly options become the nearest expiring Quarterly options, then strikes at 10 point intervals are listed from 80% of the then current futures price to 110% of that same price. Quarterly options become the nearest expiring contract when the prior Quarterly option expires; this happens every 3 months.

**E-mini Nasdaq-100 Options**

<i><b>E-mini Nasdaq-100 Option Product</b></i>	<i><b>Strike Interval</b></i>	<i><b>Effective Timing</b></i>	<i><b>New Exercise Price Range as % of Underlying Price</b></i>
Quarterly	100	Initial listing	50% to 130%
Quarterly	10	3 months to expiry	80% to 110%
Serial (3 <sup>rd</sup> Friday)	100	Initial listing	50% to 130%
Serial (3 <sup>rd</sup> Friday)	10	Initial listing	80% to 110%
End-of-Month	100	Initial listing	50% to 130%
End-of-Month	10	3 months to expiry	80% to 110%
Weekly (non-3 <sup>rd</sup> Friday)	10	Initial listing	80% to 110%

The following table shows the new strike listing intervals for Weekly options that are predicated on the Russell 2000 futures. This change applies only to the Weekly options; the Quarterly, Serial and End-of-Month options on the Russell 2000 are not impacted by this change

**E-mini Russell 2000 Options**

<i><b>Russell Weekly Options</b></i>	<i><b>Strike Interval</b></i>	<i><b>Effective Timing</b></i>	<i><b>New Exercise Price Range as % of Underlying Price</b></i>
Weekly (non-3 <sup>rd</sup> Friday)	5	Initial listing	75% to 110%

Also at this time, CME will eliminate of strike prices without open interest that would not have been listed under the new rules for the Options on the E-mini Nasdaq-100 Index® Futures. Individual strikes will be delisted that (i) would not have been listed by the new rules and (ii) have no open interest in the calls and no open interest in the puts and (iii) are greater than an upper threshold or lesser than a lower threshold. Details of this one-time elimination and the specific thresholds will be described below in Section 2.

## Section 2

On January 10, 2019 ranges for each of the impacted tenors will be determined by using the settlement price from January 9, 2019 for the underlying future for each of those tenors. The range will be determined by adding a constant to the settlement price to establish the upper boundary of strikes and subtracting a different constant to establish a lower boundary of strikes that will not be eliminated.

For example, if NQM9 settles at 6525.50 and the *upper* threshold is 1000, then all strikes in the June Quarterly option array that are *above* 6525.50 plus 1000.00 = 7525.50 will be subject to being deleted. Similarly, if the *lower* threshold is 1500, then all strikes *below* 6525.50 minus 1500.00 = 5025.50 will be subject to being deleted.

For clarity, a 7560 strike with no open interest in either the call or put would be delisted. The 7600 strike would not be delisted because the new rule will require its existence: 7600 is at a 100 point interval and is less than 130% of the settlement price of 6525.50

Individual strike prices will be delisted that (i) would not have been listed by the new rules and (ii) have no open interest in the calls and no open interest in the puts and (iii) are greater than the upper threshold or lesser than the lower threshold as laid out in the following table:

		January 9, 2019	Upper	Lower
		settlement price for:	Threshold	Threshold
E-mini Nasdaq-100	JUN Q's	NQM9	plus 1000	minus 1500
E-mini Nasdaq-100	MAR EOM	NQM9	plus 1000	minus 1500
E-mini Nasdaq-100	APR EOM	NQM9	plus 1000	minus 1500
E-mini Nasdaq-100	SEP Q's	NQU9	plus 500	minus 500
E-mini Nasdaq-100	DEC Q's	NQZ9	plus 500	minus 500

During this process the individual strikes that meet all the above established criteria will be delisted and any resting orders that include options at such strikes will be cancelled.

The Commodity Futures Trading Commission (“CFTC”) will be notified of the aforementioned during the week of January 21, 2019, via the weekly notification procedures set forth in Part 40 of the CFTC Regulations.

For each relevant option product, amendments are shown in appendices as follows:

- Appendix A - CME Rulebook Chapter 359A (blackline and clean versions)
- Appendix B - CME Rulebook Chapter 393A (blackline and clean versions)

## Appendix A

### **Amendments to CME Chapter 359A Options on E-mini Nasdaq-100 Index® Futures**

Additions are underlined. Deletions are [ ~~bracketed and struck through~~ ].

#### **359A00. SCOPE OF CHAPTER**

This chapter is limited in application to options on E-mini Nasdaq-100 Index futures (“futures”). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable.

Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

##### **359A00.A. Primary Listing Exchange**

For the purposes of this chapter a Primary Listing Exchange shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the SEC, as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631).

##### **359A00.B. Regulatory Halt**

For the purposes of this chapter a Regulatory Halt shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the SEC, as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631) and as implemented under New York Stock Exchange Rule 80B for Trading Halts Due to Extraordinary Volatility or under Nasdaq Stock Market Rule 4121 for Trading Halts Due to Extraordinary Volatility.

#### **359A01. OPTIONS CHARACTERISTICS**

##### **359A01.A. Contract Months, Trading Hours, and Trading Halts**

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the Primary Futures Contract Month pursuant to Rule 35902.I.

In accordance with Rule 35902.I. the Exchange shall determine, in its sole discretion, the futures delivery month that represents such Primary Futures Contract Month.

##### **359A01.B. Trading Unit**

The trading unit shall be an option to buy, in the case of a call, or to sell, in the case of a put, one E-mini Nasdaq-100 Index futures contract (Chapter 359).

##### **359A01.C. Minimum Fluctuations**

Option prices shall be quoted in Nasdaq-100 Index (“Index”) points. Each Index point shall represent \$20.00 per option contract.

Subject to Rule 359A01.C.1., the minimum price fluctuation shall be 0.25 Index points (equal to \$5.00 per option contract), *provided that* trades at price levels equal to or less than 5.00 Index points may occur at price levels that are integer multiples of 0.05 Index points (equal to \$1.00 per option contract), and *provided that* trade may occur at a price level of 0.05 Index points irrespective of whether such trade results in the liquidation of positions for both parties to such trade.

##### **1. Option Spreads and Combinations**

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule, *provided that* for any option spread or combination that trades at a net premium of 5.00 Index points or less, each option contract comprised within such spread or combination may trade in price increments of 0.05 Index points.

##### **359A01.D. Underlying Futures Contract**

### **1. American Style Options in the March Quarterly Cycle (“Quarterly options”)**

For any American style option for which the expiration month is in the March quarterly cycle (i.e., March, June, September, or December), the Underlying Futures Contract shall be for delivery in such option’s expiration month.

Example: For a given year, futures for delivery in March shall be the Underlying Futures Contract for a March Quarterly option.

### **2. European Style Weekly Options**

For any European style Weekly option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 35903.A.

Examples: For a given year, futures for delivery in June shall be the Underlying Futures Contract for third (3rd) March, fourth (4th) March, first (1st) April, second (2nd) April, third (3rd) April, fourth (4th) April, first (1st) May, second (2nd) May, third (3rd) May, fourth (4th) May, first (1st) June, and second (2nd) June European style Weekly options. Futures for delivery in September shall be the Underlying Futures Contract for third (3rd) June and fourth (4th) June European style Weekly options.

The Exchange shall not list a European style 4<sup>th</sup> Weekly option for trading in any instance where such option’s expiration would occur on the last Business Day of a month.

### **3. European Style End-of-Month Options**

For any European style End-of-Month option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 35903.A.

Examples: For a given year, futures for delivery in March shall be the Underlying Futures Contract for a January European style End-of-Month option and for a February European style End-of-Month option. Futures for delivery in June shall be the Underlying Futures Contract for a March European style End-of-Month option.

### **359A01.E. Exercise Prices**

~~In each month in the March quarterly cycle (Rule 359A01.D.1.) the Exchange shall determine an Exercise Price Reference on the Business Day first preceding the day on which the final settlement price of futures for delivery in such month (Rule 35903.A.) is scheduled to be determined. Such Exercise Price Reference shall be set equal to the daily settlement price of such futures, rounded down to the nearest Index point. The Exchange shall use such Exercise Price Reference to determine listing ranges for option exercise prices on all Business Days following its determination, until and including the next Business Day on which the Exchange determines a successor Exercise Price Reference in accordance with this Rule.~~

#### **1. Quarterly Options**

~~On any Business Day, the Exchange shall ensure that Quarterly put and call options (Rule 359A01.D.1.) exercisable into a given Underlying Futures Contract are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g., 1300, 1310, 1320) and that lie within a range from 30 percent of the Exercise Price Reference below, to 30 percent of the Exercise Price Reference above, the preceding Business Day’s daily settlement price for such Underlying Futures Contract. New options may be listed for trading on any Business Day up to and including the termination of trading in such options.~~

#### **2. All Options Excluding Quarterly Options**

~~On any given Business Day, options that are not Quarterly options (Rules 359A01.D.), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 359A01.E.1.).~~

~~The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.]~~

### **359A01.E. Exercise Prices**

#### **1. Quarterly Options**

On any given Business Day, options that are American Style Quarterly Options (Rules 359A01.D.1), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

100 Point Exercise Prices

The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

10 Point Exercise Prices

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

2. European Style Weekly Options

- A. On any given Business Day, options that are European Style Weekly options (Rules 359A01.D.2), and that are scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

100 Point Exercise Prices

The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

10 Point Exercise Prices

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

- B. On any given Business Day, options that are European Style Weekly options (Rules 359A01.D.2), and that are not scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

10 Point Exercise Prices

The Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

3. European Style End-of-Month Options

On any given Business Day, options that are European Style End-of-Month Options (Rules 359A01.D.3) and that are exercisable into a given Underlying Futures Contract shall be listed for trading at all eligible exercise prices, as follows:

#### **100 Point Exercise Prices**

**The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.**

#### **10 Point Exercise Prices**

**As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.**

**New options may be listed for trading on any Business Day up to and including the termination of trading in such options.**

**User Defined Instrument (UDI) functionality allows users to dynamically create options strikes that co-exist with exchange-listed options strikes and allow the scope of tradeable instruments on CME Globex to expand without listing a larger group of options instruments.**

**User Defined Instruments are allowed at any integer multiple of 10 points for any expiry that is already listed.**

**The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.**

#### **359A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits

#### **359A01.G. Nature of Options**

Upon exercise of a put option by the buyer of such option, the seller of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 359A01.D.) at such option's exercise price (Rule 359A01.E.). Upon exercise of a call option by the buyer of such option, the seller of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

#### **1. Quarterly Options**

The buyer of a Quarterly option (Rule 359A01.D.1.) may exercise such option at any time prior to its expiration.

#### **2. European Style Weekly Options and European Style End-of-Month Options**

The buyer of a European style Weekly option (Rule 359A01.D.2.) or a European style End-of-Month option (Rule 359A01.D.3.) may exercise such option only at its expiration.

#### **359A01.H. [Reserved]**

## **359A01.I. Termination of Trading**

### **1. Quarterly Options**

Trading in any Quarterly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 359A01.D.1.).

### **2. European Style Weekly Options**

Trading in any European style Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 359A00.A.), on the Friday designated as such option's expiration date. For a given calendar month:

Trading shall terminate in European style 1<sup>st</sup> Weekly options, and such options shall expire, on the first Friday of such month.

Trading shall terminate in European style 2<sup>nd</sup> Weekly options, and such options shall expire, on the second Friday of such month

Trading shall terminate in European style 3<sup>rd</sup> Weekly options, and such options shall expire, on the third Friday of such month

Trading shall terminate in European style 4<sup>th</sup> Weekly options, and such options shall expire, on the fourth Friday of such month

If such Friday is not a scheduled Business Day, then trading in expiring options shall be scheduled to terminate on the Business Day first preceding such Friday, *provided that* the Exchange shall not list European style Weekly options for trading in any such instance where the Business Day first preceding such Friday would be the last Business Day of the preceding calendar month, in accord with Rule 359A01.D.2.).

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

### **3. European Style End-Of-Month Options**

Trading in any European style End-of-Month option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 359A00.A.), on the last Business Day of such option's expiration month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

## **359A01.J. [Reserved]**

## **359A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of options.

### **359A02.A. Exercise**

#### **1. Quarterly Options and Serial Options**

Any Quarterly option (Rule 359A01.D.1.) may be exercised by the buyer on any Business Day on which such option may be traded. To exercise such option, the clearing member representing the option buyer shall present an exercise notice to the Clearing House by 7:00 p.m., or by such other time as the Exchange may designate, on the day of exercise.

Any unexercised option shall expire at 7:00 p.m. on the last day of trading in such option (Rule 359A01.I.). Any option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House, by the clearing member representing the

buyer of such option, no later than 7:00 p.m., or such other time as may be designated by the Exchange, on the last day of trading in such option.

A call option shall be in the money if the settlement price of such option's Underlying Futures Contract (Rule 359A01.D.) on the last day of trading in such option (Rule 359A01.I.) is strictly above such option's exercise price, and shall be out of the money if such settlement price is at or below such option's exercise price.

A put option shall be in the money if the settlement price of such option's Underlying Futures Contract on the last day of trading in such option is strictly below such option's exercise price, and shall be out of the money if such settlement price is at or above such option's exercise price.

## **2. European Style Weekly Options and European Style End-of-Month Options**

Any European style Weekly option (Rule 359A01.D.2.) or European style End-of-Month option (Rule 359A01.D.3.) may be exercised only at, and not before, expiration of such option.

Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option's Underlying Futures Contract (Rule 359A01.D.). The Exchange, in its sole discretion, shall set such Fixing Price on the last day of trading in such option, as follows:

### **Tier 1**

Such Fixing Price shall be based on the volume-weighted average price of transactions in such futures on the CME Globex electronic trading platform during the interval (i) between 2:59:30 p.m. and 3:00:00 p.m., or (ii) in the case of an early scheduled close of the Primary Listing Exchange, between 11:59:30 a.m. and noon, or (iii) in the event of an unscheduled early close of the Primary Listing Exchange, the final thirty (30) seconds of the Primary Listing Exchange trading day ("Reference Interval").

### **Tier 2**

If no such transaction occurs during the Reference Interval, then such Fixing Price shall be based on the average of midpoints of bid/ask spreads for such futures quoted on CME Globex during the Reference Interval, provided that the Fixing Price calculation shall exclude the midpoint value for any such bid/ask spread that is wider than 0.50 Index points (equal to two (2) minimum price increments).

### **Tier 3**

If such Fixing Price cannot be determined pursuant to Tier 1 or Tier 2, then the Exchange, in its sole discretion, shall set such Fixing Price by alternative means which may include, but are not limited to, derivation by reference to the basis relationship between such futures contract's price and the Index, or application of Tier 1 and Tier 2 calculations to successive time intervals of increasing length, in integer multiples of thirty (30) seconds, until suitable price data are obtained.

The resultant Fixing Price value shall be rounded to the nearest integer multiple of 0.01 Index points. Such Fixing Price, so rounded, shall be used to determine whether an option expires in the money or out of the money.

If, at the time such Fixing Price is scheduled to be calculated in respect of expiring options, the Primary Listing Exchange (Rule 359A00.A.) is subject to a Regulatory Halt (Rule 359A00.B.), and the Primary Futures Contract Month is limit offered at the maximum price limit permissible during such Regulatory Halt pursuant to Rule 35902.I., then (a) such option shall expire at 8:31 a.m. on the next following Business Day on which a Regulatory Halt is not in effect, and (b) the Fixing Price in respect of such option shall be calculated in accordance with the corresponding provisions of this Rule, on the basis of a reference interval beginning at 8:30:30 a.m. and concluding at 8:31:00 a.m.

An expiring call option shall be in the money if the corresponding Fixing Price is strictly above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or below such option's exercise price.

An expiring put option shall be in the money if the corresponding Fixing Price is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

**359A02.B. Assignment**

For a given option contract, an exercise notice accepted by the Clearing House in accordance with Rules 359A02.A. shall be assigned by the Clearing House through a process of random selection to clearing members carrying open short positions in such option contract. A clearing member to whom such exercise notice has been assigned shall be notified thereof as soon as practicable following such assignment.

The clearing member to whom such exercise notice has been assigned shall be assigned a short position in such option's Underlying Futures Contract (Rules 359A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put. The clearing member representing the option buyer making exercise shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House accepts such exercise notice.

**359A03. [RESERVED]**

**359A04. CORRECTIONS TO OPTION EXERCISES**

Corrections to option exercises may be accepted by the Clearing House after 7:00 p.m. and up to the beginning of final option expiration processing (in accord with Rules 359A02.A.), *provided that* such corrections are necessary due to: (1) a bona fide clerical error, (2) unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to 7:00 p.m. The decision as to whether a correction is acceptable will be made by the President of the Clearing House, or the President's designee, and such decision will be final.

**INTERPRETATIONS AND SPECIAL NOTICES RELATING TO CHAPTER 359**

E-mini Nasdaq-100 Index Futures and Options on Nasdaq-100 Index Futures (Products) are not sponsored, endorsed, sold or promoted by the Nasdaq Stock Market, Inc. (including its affiliates) (Nasdaq, with its affiliates, are referred to as the Corporations). The Corporations have not passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to, the Products. The Corporations make no representation or warranty, express or implied, to the holder of any position in the Products or any member of the public regarding the advisability of investing in financial instruments generally or in the Products particularly, or the ability of the Nasdaq-100 Index to track general stock market performance. The Corporations' only relationship to Chicago Mercantile Exchange Inc. (Licensee) is in the licensing of certain trademarks, service marks, and trade names of the Corporations and the use of the Nasdaq 100 Index, which is determined, composed and calculated by Nasdaq without regard to Licensee or the Products. Nasdaq has no obligation to take the needs of the Licensee or the holder of any position in the Products into consideration in determining, composing or calculating the Nasdaq-100 Index. The Corporations are not responsible for and have not participated in the determination or calculation of the equation by which the Products are to be converted into cash, in the case of Nasdaq-100 Futures, or futures contracts, in the case of Options on Nasdaq-100 Futures. The Corporations have no liability in connection with the administration, marketing or trading of the Products.

THE CORPORATIONS DO NOT GUARANTEE THE ACCURACY AND/OR UNINTERRUPTED CALCULATION OF THE NASDAQ 100 INDEX OR ANY DATA INCLUDED THEREIN. THE CORPORATIONS MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE RESULTS TO BE OBTAINED BY ANY PERSON OR ENTITY FROM THE USE OF THE NASDAQ 100 INDEX, ANY OPENING, INTRA-DAY, OR CLOSING VALUE THEREOF, OR ANY DATA INCLUDED THEREIN, OR RELATING THERETO, IN CONNECTION WITH THE TRADING OF E-MINI NASDAQ 100 FUTURES OR OPTIONS ON E-MINI NASDAQ 100 FUTURES OR FOR ANY OTHER PURPOSE. THE CORPORATIONS MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE NASDAQ 100 INDEX, ANY OPENING, INTRA-DAY, OR CLOSING VALUE THEREOF, OR ANY DATA INCLUDED THEREIN OR RELATED THERETO, OR ANY E-MINI NASDAQ 100 FUTURES CONTRACT OR OPTION ON A E-MINI NASDAQ 100 FUTURES CONTRACT. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THE CORPORATIONS HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR

CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.

## **Appendix A (Continued)**

### **CME Chapter 359A as Amended Options on Nasdaq-100 Stock Price Index™ Futures**

#### **359A00. SCOPE OF CHAPTER**

This chapter is limited in application to options on E-mini Nasdaq-100 Index futures (“futures”). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable.

Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

##### **359A00.A. Primary Listing Exchange**

For the purposes of this chapter a Primary Listing Exchange shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the U.S. Securities and Exchange Commission (“SEC”), as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631).

##### **359A00.B. Regulatory Halt**

For the purposes of this chapter a Regulatory Halt shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the SEC, as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631) and as implemented under New York Stock Exchange Rule 80B for Trading Halts Due to Extraordinary Volatility or under Nasdaq Stock Market Rule 4121 for Trading Halts Due to Extraordinary Volatility.

#### **359A01. OPTIONS CHARACTERISTICS**

##### **359A01.A. Contract Months, Trading Hours, and Trading Halts**

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the Primary Futures Contract Month pursuant to Rule 35902.I.

In accordance with Rule 35902.I. the Exchange shall determine, in its sole discretion, the futures delivery month that represents such Primary Futures Contract Month.

##### **359A01.B. Trading Unit**

The trading unit shall be an option to buy, in the case of a call, or to sell, in the case of a put, one E-mini Nasdaq-100Index futures contract (Chapter 359).

##### **359A01.C. Minimum Fluctuations**

Option prices shall be quoted in Nasdaq-100 Index (“Index”) points. Each Index point shall represent \$20.00 per option contract.

Subject to Rule 359A01.C.1., the minimum price fluctuation shall be 0.25 Index points (equal to \$5.00 per option contract), *provided that* trades at price levels equal to or less than 5.00 Index points may occur at price levels that are integer multiples of 0.05 Index points (equal to \$1.00 per option contract), and *provided that* trade may occur at a price level of 0.05 Index points irrespective of whether such trade results in the liquidation of positions for both parties to such trade.

##### **1. Option Spreads and Combinations**

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule, *provided that* for any option spread or combination that trades at a net premium of 5.00 Index points or less, each option contract comprised within such spread or combination may trade in price increments of 0.05 Index points.

## **359A01.D. Underlying Futures Contract**

### **1. American Style Options in the March Quarterly Cycle (“Quarterly options”)**

For any American style option for which the expiration month is in the March quarterly cycle (i.e., March, June, September, or December), the Underlying Futures Contract shall be for delivery in such option’s expiration month.

Example: For a given year, futures for delivery in March shall be the Underlying Futures Contract for a March Quarterly option.

### **2. European Style Weekly Options**

For any European style Weekly option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 35903.A.

Examples: For a given year, futures for delivery in June shall be the Underlying Futures Contract for third (3rd) March, fourth (4th) March, first (1st) April, second (2nd) April, third (3rd) April, fourth (4th) April, first (1st) May, second (2nd) May, third (3rd) May, fourth (4th) May, first (1st) June, and second (2nd) June European style Weekly options. Futures for delivery in September shall be the Underlying Futures Contract for third (3rd) June and fourth (4th) June European style Weekly options.

The Exchange shall not list a European style 4<sup>th</sup> Weekly option for trading in any instance where such option’s expiration would occur on the last Business Day of a month.

### **3. European Style End-of-Month Options**

For any European style End-of-Month option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 35903.A.

Examples: For a given year, futures for delivery in March shall be the Underlying Futures Contract for a January European style End-of-Month option and for a February European style End-of-Month option. Futures for delivery in June shall be the Underlying Futures Contract for a March European style End-of-Month option.

## **359A01.E. Exercise Prices**

### **2. Quarterly Options**

On any given Business Day, options that are American Style Quarterly Options (Rules 359A01.D.1), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

#### **100 Point Exercise Prices**

The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

#### **10 Point Exercise Prices**

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

### **2. European Style Weekly Options**

A. On any given Business Day, options that are European Style Weekly options (Rules 359A01.D.2), and that are scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

#### 100 Point Exercise Prices

The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

#### 10 Point Exercise Prices

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

- B. On any given Business Day, options that are European Style Weekly options (Rules 359A01.D.2), and that are not scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

#### 10 Point Exercise Prices

The Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

### 3. European Style End-of-Month Options

On any given Business Day, options that are European Style End-of-Month Options (Rules 359A01.D.3) and that are exercisable into a given Underlying Futures Contract shall be listed for trading at all eligible exercise prices, as follows:

#### 100 Point Exercise Prices

The Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 100 Index points (e.g., 6800, 6900, 7000) and that lie within a range from 50 percent below to 30 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

#### 10 Point Exercise Prices

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract that is nearest to delivery in the March quarterly cycle (Rule 359A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g. 6960, 6970, 6980) and that lie within a range from 20 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

New options may be listed for trading on any Business Day up to and including the termination of trading in such options.

User Defined Instrument (UDI) functionality allows users to dynamically create options strikes that co-exist with exchange-listed options strikes and allow the scope of tradeable instruments on CME Globex to expand without listing a larger group of options instruments.

User Defined Instruments are allowed at any integer multiple of 10 points for any expiry that is already listed.

The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

### **359A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits

#### **359A01.G. Nature of Options**

Upon exercise of a put option by the buyer of such option, the seller of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 359A01.D.) at such option's exercise price (Rule 359A01.E.). Upon exercise of a call option by the buyer of such option, the seller of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

##### **1. Quarterly Options**

The buyer of a Quarterly option (Rule 359A01.D.1.) may exercise such option at any time prior to its expiration.

##### **2. European Style Weekly Options and European Style End-of-Month Options**

The buyer of a European style Weekly option (Rule 359A01.D.2.) or a European style End-of-Month option (Rule 359A01.D.3.) may exercise such option only at its expiration.

#### **359A01.H. [Reserved]**

#### **359A01.I. Termination of Trading**

##### **1. Quarterly Options**

Trading in any Quarterly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 359A01.D.1.).

##### **2. European Style Weekly Options**

Trading in any European style Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 359A00.A.), on the Friday designated as such option's expiration date. For a given calendar month:

Trading shall terminate in European style 1<sup>st</sup> Weekly options, and such options shall expire, on the first Friday of such month.

Trading shall terminate in European style 2<sup>nd</sup> Weekly options, and such options shall expire, on the second Friday of such month

Trading shall terminate in European style 3<sup>rd</sup> Weekly options, and such options shall expire, on the third Friday of such month

Trading shall terminate in European style 4<sup>th</sup> Weekly options, and such options shall expire, on the fourth Friday of such month

If such Friday is not a scheduled Business Day, then trading in expiring options shall be scheduled to terminate on the Business Day first preceding such Friday, *provided that* the Exchange shall not list European style Weekly options for trading in any such instance where the Business Day first preceding such Friday would be the last Business Day of the preceding calendar month, in accord with Rule 359A01.D.2.).

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

##### **3. European Style End-Of-Month Options**

Trading in any European style End-of-Month option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 359A00.A.), on the last Business Day of such option's expiration month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

**359A01.J. [Reserved]**

## **359A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of options.

### **359A02.A. Exercise**

#### **1. Quarterly Options and Serial Options**

Any Quarterly option (Rule 359A01.D.1.) may be exercised by the buyer on any Business Day on which such option may be traded. To exercise such option, the clearing member representing the option buyer shall present an exercise notice to the Clearing House by 7:00 p.m., or by such other time as the Exchange may designate, on the day of exercise.

Any unexercised option shall expire at 7:00 p.m. on the last day of trading in such option (Rule 359A01.I.). Any option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House, by the clearing member representing the buyer of such option, no later than 7:00 p.m., or such other time as may be designated by the Exchange, on the last day of trading in such option.

A call option shall be in the money if the settlement price of such option's Underlying Futures Contract (Rule 359A01.D.) on the last day of trading in such option (Rule 359A01.I.) is strictly above such option's exercise price, and shall be out of the money if such settlement price is at or below such option's exercise price.

A put option shall be in the money if the settlement price of such option's Underlying Futures Contract on the last day of trading in such option is strictly below such option's exercise price, and shall be out of the money if such settlement price is at or above such option's exercise price.

#### **2. European Style Weekly Options and European Style End-of-Month Options**

Any European style Weekly option (Rule 359A01.D.2.) or European style End-of-Month option (Rule 359A01.D.3.) may be exercised only at, and not before, expiration of such option.

Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option's Underlying Futures Contract (Rule 359A01.D.). The Exchange, in its sole discretion, shall set such Fixing Price on the last day of trading in such option, as follows:

##### **Tier 1**

Such Fixing Price shall be based on the volume-weighted average price of transactions in such futures on the CME Globex electronic trading platform during the interval (i) between 2:59:30 p.m. and 3:00:00 p.m., or (ii) in the case of an early scheduled close of the Primary Listing Exchange, between 11:59:30 a.m. and noon, or (iii) in the event of an unscheduled early close of the Primary Listing Exchange, the final thirty (30) seconds of the Primary Listing Exchange trading day ("Reference Interval").

##### **Tier 2**

If no such transaction occurs during the Reference Interval, then such Fixing Price shall be based on the average of midpoints of bid/ask spreads for such futures quoted on CME Globex during the Reference Interval, provided that the Fixing Price calculation shall exclude the midpoint value

for any such bid/ask spread that is wider than 0.50 Index points (equal to two (2) minimum price increments).

#### Tier 3

If such Fixing Price cannot be determined pursuant to Tier 1 or Tier 2, then the Exchange, in its sole discretion, shall set such Fixing Price by alternative means which may include, but are not limited to, derivation by reference to the basis relationship between such futures contract's price and the Index, or application of Tier 1 and Tier 2 calculations to successive time intervals of increasing length, in integer multiples of thirty (30) seconds, until suitable price data are obtained.

The resultant Fixing Price value shall be rounded to the nearest integer multiple of 0.01 Index points. Such Fixing Price, so rounded, shall be used to determine whether an option expires in the money or out of the money.

If, at the time such Fixing Price is scheduled to be calculated in respect of expiring options, the Primary Listing Exchange (Rule 359A00.A.) is subject to a Regulatory Halt (Rule 359A00.B.), and the Primary Futures Contract Month is limit offered at the maximum price limit permissible during such Regulatory Halt pursuant to Rule 35902.I., then (a) such option shall expire at 8:31 a.m. on the next following Business Day on which a Regulatory Halt is not in effect, and (b) the Fixing Price in respect of such option shall be calculated in accordance with the corresponding provisions of this Rule, on the basis of a reference interval beginning at 8:30:30 a.m. and concluding at 8:31:00 a.m.

An expiring call option shall be in the money if the corresponding Fixing Price is strictly above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or below such option's exercise price.

An expiring put option shall be in the money if the corresponding Fixing Price is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

#### **359A02.B. Assignment**

For a given option contract, an exercise notice accepted by the Clearing House in accordance with Rules 359A02.A. shall be assigned by the Clearing House through a process of random selection to clearing members carrying open short positions in such option contract. A clearing member to whom such exercise notice has been assigned shall be notified thereof as soon as practicable following such assignment.

The clearing member to whom such exercise notice has been assigned shall be assigned a short position in such option's Underlying Futures Contract (Rules 359A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put. The clearing member representing the option buyer making exercise shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House accepts such exercise notice.

#### **359A03. [RESERVED]**

#### **359A04. CORRECTIONS TO OPTION EXERCISES**

Corrections to option exercises may be accepted by the Clearing House after 7:00 p.m. and up to the beginning of final option expiration processing (in accord with Rules 359A02.A.), *provided that* such corrections are necessary due to: (1) a bona fide clerical error, (2) unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to 7:00 p.m. The decision as to whether a correction is acceptable will be made by the President of the Clearing House, or the President's designee, and such decision will be final.

#### **INTERPRETATIONS AND SPECIAL NOTICES RELATING TO CHAPTER 359**

E-mini Nasdaq-100 Index Futures and Options on Nasdaq-100 Index Futures (Products) are not sponsored, endorsed, sold or promoted by the Nasdaq Stock Market, Inc. (including its affiliates) (Nasdaq, with its affiliates, are referred to

as the Corporations). The Corporations have not passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to, the Products. The Corporations make no representation or warranty, express or implied, to the holder of any position in the Products or any member of the public regarding the advisability of investing in financial instruments generally or in the Products particularly, or the ability of the Nasdaq-100 Index to track general stock market performance. The Corporations' only relationship to Chicago Mercantile Exchange Inc. (Licensee) is in the licensing of certain trademarks, service marks, and trade names of the Corporations and the use of the Nasdaq 100 Index, which is determined, composed and calculated by Nasdaq without regard to Licensee or the Products. Nasdaq has no obligation to take the needs of the Licensee or the holder of any position in the Products into consideration in determining, composing or calculating the Nasdaq-100 Index. The Corporations are not responsible for and have not participated in the determination or calculation of the equation by which the Products are to be converted into cash, in the case of Nasdaq-100 Futures, or futures contracts, in the case of Options on Nasdaq-100 Futures. The Corporations have no liability in connection with the administration, marketing or trading of the Products.

THE CORPORATIONS DO NOT GUARANTEE THE ACCURACY AND/OR UNINTERRUPTED CALCULATION OF THE NASDAQ 100 INDEX OR ANY DATA INCLUDED THEREIN. THE CORPORATIONS MAKE NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE RESULTS TO BE OBTAINED BY ANY PERSON OR ENTITY FROM THE USE OF THE NASDAQ 100 INDEX, ANY OPENING, INTRA-DAY, OR CLOSING VALUE THEREOF, OR ANY DATA INCLUDED THEREIN, OR RELATING THERETO, IN CONNECTION WITH THE TRADING OF E-MINI NASDAQ 100 FUTURES OR OPTIONS ON E-MINI NASDAQ 100\_FUTURES OR FOR ANY OTHER PURPOSE. THE CORPORATIONS MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO THE NASDAQ 100 INDEX, ANY OPENING, INTRA-DAY, OR CLOSING VALUE THEREOF, OR ANY DATA INCLUDED THEREIN OR RELATED THERETO, OR ANY E-MINI NASDAQ 100 FUTURES CONTRACT OR OPTION ON A E-MINI NASDAQ 100 FUTURES CONTRACT. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL THE CORPORATIONS HAVE ANY LIABILITY FOR ANY SPECIAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES.

## Appendix B

### Amendments to CME Chapter 393A Options on E-mini<sup>®</sup> Russell 2000<sup>®</sup> Index Futures

Additions are underlined. Deletions are [ ~~bracketed and struck through~~ ].

#### **393A00. SCOPE OF CHAPTER**

This chapter is limited in application to options on E-mini<sup>®</sup> Russell 2000<sup>®</sup> Index futures ("futures"). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable. Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

##### **393A00.A. Primary Listing Exchange**

For the purposes of this chapter a Primary Listing Exchange shall be as defined in the "Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934" approved 31 May 2012 by the U.S. Securities and Exchange Commission ("SEC"), as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631).

##### **393A00.B. Regulatory Halt**

For the purposes of this chapter a Regulatory Halt shall be as defined in the "Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934" approved 31 May 2012 by the SEC, as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631) and as implemented under New York Stock Exchange Rule 80B for Trading Halts Due to Extraordinary Volatility or under Nasdaq Stock Market Rule 4121 for Trading Halts Due to Extraordinary Volatility.

#### **393A01. OPTIONS CHARACTERISTICS**

##### **393A01.A. Contract Months, Trading Hours, and Trading Halts**

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the Primary Futures Contract Month pursuant to Rule 39302.I

In accordance with Rule 39302.I. the Exchange shall determine, in its sole discretion, the futures delivery month that represents such Primary Futures Contract Month and when such Primary Futures Contract Month is limit bid or limit offered.

##### **393A01.B. Trading Unit**

The trading unit shall be an option to buy in the case of a call, or to sell in the case of a put, one E-mini Russell 2000 Index futures contract (Chapter 393).

### **393A01.C. Minimum Fluctuations**

Option prices shall be quoted in Index points. Each Index point shall represent \$50.00 per option contract. Subject to Rule 393A01.C.1., the minimum price fluctuation shall be 0.1 Index points (equal to \$5.00 per option contract), *provided that* trades at price levels equal to or less than five (5) Index points may occur at price levels that are integer multiples of 0.05 Index points (equal to \$2.50 per option contract), and *provided that* trade may occur at a price level of 0.05 Index points irrespective of whether such trade results in the liquidation of positions for both parties to such trade.

#### **1. Option Spreads and Combinations**

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule, *provided that* for any option spread or combination that trades at a net premium of five (5) Index points or less, each option contract comprised within such spread or combination may trade in price increments of 0.05 Index points.

### **393A01.D. Underlying Futures Contract**

#### **1. American Style Options in the March Quarterly Cycle (“Quarterly options”)**

For any American style option for which the expiration month is in the March quarterly cycle (i.e., March, June, September, or December), the Underlying Futures Contract shall be for delivery in such option’s expiration month.

*Example:* For a given year, futures for delivery in March shall be the Underlying Futures Contract for a March Quarterly option.

#### **2. European Style Weekly Options**

For any European style Weekly option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 39303.A.

*Examples:* For a given year, futures for delivery in June shall be the Underlying Futures Contract for third (3rd) March, fourth (4th) March, first (1st) April, second (2nd) April, third (3rd) April, fourth (4th) April, first (1st) May, second (2nd) May, third (3rd) May, fourth (4th) May, first (1st) June, and second (2nd) June European style Weekly options. Futures for delivery in September shall be the Underlying Futures Contract for third (3rd) June and fourth (4th) June European style Weekly options.

The Exchange shall not list a European style Fourth Weekly option for trading in any instance where such option’s expiration would occur on the last Business Day of a month.

#### **3. European Style End-of-Month Options**

For any European style End-of-Month option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 39303.A.

*Examples:* For a given year, futures for delivery in March shall be the Underlying Futures Contract for a January European style End-of-Month option and for a February European style End-of-Month option. Futures for delivery in June shall be the Underlying Futures Contract for a March European style End-of-Month option.

### **393A01.E. Exercise Prices**

In each month in the March quarterly cycle (Rule 393A01.D.1.) the Exchange shall determine an Exercise Price Reference on the Business Day first preceding the day on which the final settlement price of futures for delivery in such month (Rule 39303.A.) is scheduled to be determined. Such Exercise Price Reference shall be set equal to the daily settlement price of such futures, rounded *down* to the nearest Index point.

The Exchange shall use such Exercise Price Reference to determine listing ranges for option exercise prices on all Business Days following its determination, until and including the next Business Day on which the Exchange determines a successor Exercise Price Reference in accordance with this Rule.

#### **1. Quarterly Options**

On any Business Day, the Exchange shall ensure that Quarterly put and call options are listed for trading at all eligible exercise prices, as follows:

##### **25 Point Exercise Prices**

For Quarterly options exercisable into a given Underlying Futures Contract (Rule 393A01.D.1.), the Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 25 Index points (e.g., 1300, 1325, 1350) and that lie within a range from 50 percent of the Exercise Price Reference below, to 50 percent of the Exercise Price Reference above, the preceding Business Day’s daily settlement price for such Underlying Futures Contract.

##### **10 Point Exercise Prices**

For Quarterly options exercisable into a given Underlying Futures Contract (Rule 393A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g., 1300, 1310, 1320) and that lie within a range from 20 percent of the Exercise Price Reference below, to 20 percent of the Exercise Price Reference above, the preceding Business Day’s daily settlement price for such Underlying Futures Contract.

##### **5 Point Exercise Prices**

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract second-nearest to delivery in the March quarterly cycle (Rule 393A01.D.1.), the Exchange also shall ensure that Quarterly put and call options exercisable into such Underlying Futures Contract are listed for trading at all exercise price levels that are integer multiples of 5 Index points (e.g. 1300, 1305, 1310) and that lie within a range from 10 percent of the Exercise Price Reference below, to 10 percent of the Exercise Price Reference above, the preceding Business Day’s daily settlement price for such Underlying Futures Contract.

## **[2. All Options Excluding Quarterly Options**

~~On any given Business Day, options that are not Quarterly options (Rule 393A01.D.), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 393A01.E.1.).]~~

## **2. European Style Weekly Options**

- A. **On any given Business Day, options that are European Style Weekly options (Rules 393A01.D.), and that are scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 393A01.E.1.)**
- B. **On any given Business Day, options that are European Style Weekly options (Rules 393A01.D.), and that are not scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:**

### **5 Point Exercise Prices**

**The Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 5 Index points (e.g. 1300, 1305, 1310) and that lie within a range from 25 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.**

## **3. European Style End-of-Month Options**

**On any given Business Day, options that are European Style End-of-Month options (Rules 393A01.D.), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 393A01.E.1.).**

New options may be listed for trading on any Business Day up to and including the termination of trading in such options.

**User Defined Instrument (UDI) functionality allows users to dynamically create options strikes that co-exist with exchange-listed options strikes and allow the scope of tradeable instruments on CME Globex to expand without listing a larger group of options instruments.**

**User Defined Instruments are allowed at any integer multiple of 5 points for any expiry that is already listed.**

The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

## **393A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

## **393A01.G. Nature of Options**

Upon exercise of a put option by the buyer of such option, the seller of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 393A01.D.) at such option's exercise price (Rule 393A01.E.). Upon exercise of a call option by the buyer of such option, the seller of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

### **1. Quarterly Options**

The buyer of a Quarterly option (Rule 393A01.D.1.) may exercise such option at any time prior to its expiration.

### **2. European Style Weekly Options and European Style End-of-Month Options**

The buyer of a European style Weekly option (Rule 393A01.D.2.) or a European style End-of-Month option (Rule 393A01.D.3.) may exercise such option only at its expiration.

### **393A01.H. [Reserved]**

### **393A01.I. Termination of Trading**

### **1. Quarterly Options**

Trading in any Quarterly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 393A01.D.1.).

### **2. European Style Weekly Options**

Trading in any European style Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 393A00.A.), on the Friday designated by the Exchange as such option's expiration date. For a given calendar month:

Trading shall terminate in European style First Weekly options, and such options shall expire, on the first Friday of such month.

Trading shall terminate in European style Second Weekly options, and such options shall expire, on the second Friday of such month

Trading shall terminate in European style Third Weekly options, and such options shall expire, on the third Friday of such month

Trading shall terminate in European style Fourth Weekly options, and such options shall expire, on the fourth Friday of such month

If such Friday is not a scheduled Business Day, then trading in expiring options shall be scheduled to terminate on the Business Day first preceding such Friday, *provided that* the Exchange shall not list European style Weekly options for trading in any such instance where the Business Day first preceding such Friday would be the last Business Day of the preceding calendar month.

The Exchange shall not list European style Fourth Weekly options for any month wherein the fourth Friday is the last Business Day of such month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

### **3. European Style End-Of-Month Options**

Trading in any European style End-of-Month option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 393A00.A.), on the last Business Day of such option's expiration month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

### **393A01.J. [Reserved]**

## **393A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of options.

### **393A02.A. Exercise of Option by Buyer**

#### **1. Quarterly Options**

Any Quarterly option (Rule 393A01.D.1.) may be exercised by the buyer on any Business Day on which such option may be traded. To exercise such option, the clearing member representing the option buyer shall present an exercise notice to the Clearing House by 7:00 p.m., or by such other time as the Exchange may designate, on the day of exercise. Any unexercised option shall expire at 7:00 p.m. on the last day of trading in such option (Rule 393A01.I.). Any option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House, by the clearing member representing the buyer of such option, no later than 7:00 p.m., or such other time as may be designated by the Exchange, on the last day of trading in such option.

A call option shall be in the money if the settlement price of such option's Underlying Futures Contract (Rule 393A01.D.) on the last day of trading in such option (Rule 393A01.I.) is strictly above such option's exercise price, and shall be out of the money if such settlement price is at or below such option's exercise price.

A put option shall be in the money if the settlement price of such option's Underlying Futures Contract on the last day of trading in such option is strictly below such option's exercise price, and shall be out of the money if such settlement price is at or above such option's exercise price.

#### **2. European Style Weekly Options and European Style End-of-Month Options**

Any European style Weekly option (Rule 393A01.D.2.) or European style End-of-Month option (Rule 393A01.D.3.) may be exercised only at, and not before, expiration of such option.

Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option's Underlying Futures Contract (Rule 393A01.D.). The Exchange, in its sole discretion, shall set such Fixing Price on the last day of trading in such option, as follows:

Tier 1

Such Fixing Price shall be based on the volume-weighted average price of transactions in such Underlying Futures Contract on the CME Globex electronic trading platform between 2:59:30 p.m. and 3:00:00 p.m. (or between 11:59:30 a.m. and noon in the case of an early scheduled close of the Primary Listing Exchange) ("reference interval").

**Tier 2**

If no such transaction occurs during the reference interval, then such Fixing Price shall be based on the average of midpoints of bid/ask spreads for such futures quoted on CME Globex during the reference interval, *provided that* the Fixing Price calculation shall exclude the midpoint value for any such bid/ask spread that is wider than 0.20 Index points.

**Tier 3**

If such Fixing Price cannot be determined pursuant to Tier 1 or Tier 2, or if an unscheduled nonregulatory halt in CME Globex trading in such Underlying Futures Contract occurs between 2:58:00 p.m. and 3:00:00 p.m., then such Fixing Price shall be based on the average transaction price during the reference interval of the CME Standard and Poor's 500 Stock Price Index ("S&P 500") futures contract (Chapter 351) for the same delivery month as such option's Underlying Futures Contract (Rule 393A01.D.).

**Tier 4**

If such Fixing Price cannot be determined pursuant to Tier 1, Tier 2, or Tier 3, then the Exchange, in its sole discretion, shall set such Fixing Price by alternative means which may include, but are not limited to, derivation by reference to the basis relationship between such futures contract's price and the Index, or application of Tier 1, Tier 2, or Tier 3 calculations to successive time intervals of increasing length, in integer multiples of thirty (30) seconds, until suitable price data are obtained.

The resultant Fixing Price value shall be rounded to the nearest integer multiple of 0.01 Index points. Such Fixing Price, so rounded, shall be used to determine whether an option expires in the money or out of the money.

If, at the time such Fixing Price is scheduled to be calculated in respect of expiring options, the Primary Listing Exchange (Rule 393A00.A.) is subject to a Regulatory Halt (Rule 393A00.B.), and the Primary Futures Contract Month is limit offered at the maximum price limit permissible during such Regulatory Halt pursuant to Rule 39302.I., then (a) such option shall expire at 8:31 a.m. on the next following Business Day on which a Regulatory Halt is not in effect, and (b) the Fixing Price in respect of such option shall be calculated in accordance with the corresponding provisions of this Rule, on the basis of a reference interval beginning at 8:30:30 a.m. and concluding at 8:31:00 a.m.

An expiring call option shall be in the money if the corresponding Fixing Price is strictly above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or below such option's exercise price.

An expiring put option shall be in the money if the corresponding Fixing Price is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

**393A02.B. Assignment**

For a given option contract, an exercise notice accepted by the Clearing House in accordance with Rules 393A02.A. shall be assigned by the Clearing House through a process of random selection to clearing members carrying open short positions in such option contract. A clearing member to whom such exercise notice has been assigned shall be notified thereof as soon as practicable following such assignment.

The clearing member to whom such exercise notice has been assigned shall be assigned a short position in such option's Underlying Futures Contract (Rules 393A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put. The clearing member representing the option buyer making exercise shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House accepts such exercise notice.

**393A03. [RESERVED]**

**393A04. CORRECTIONS TO OPTION EXERCISES**

Corrections to option exercises may be accepted by the Clearing House after 7:00 p.m. and up to the beginning of final option expiration processing (in accord with Rules 393A02.A.), *provided that* such corrections are necessary due to: (1) a bona fide clerical error, (2) unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to 7:00 p.m. The decision as to whether a correction is acceptable will be made by the President of the Clearing House, or the President's designee, and such decision will be final.

**393A05.-29. [RESERVED]**

(End Chapter 393A)

**INTERPRETATIONS & SPECIAL NOTICES RELATING TO CHAPTER 393A**

Neither Frank Russell Company's publication of the Russell Indexes nor its licensing of its trademarks for use in connection with securities or other financial products derived from a Russell Index in any way suggests or implies a representation or opinion by Frank Russell Company as to the attractiveness of investment in any securities or other financial products based upon or derived from any Russell Index. Frank Russell Company is not the issuer of any such securities or other financial products and makes no express or implied warranties of merchantability or fitness for any particular purpose with respect to any Russell Index or any data included or reflected therein, nor as to results to be obtained by any person or any entity from the use of the Russell Index or any data included or reflected therein.

## **Appendix B (Continued)**

### **CME Chapter 393A as Amended Options on E-mini® Russell 2000® Index Futures**

#### **393A00. SCOPE OF CHAPTER**

This chapter is limited in application to options on E-mini® Russell 2000® Index futures (“futures”). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable.

Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

#### **393A00.A. Primary Listing Exchange**

For the purposes of this chapter a Primary Listing Exchange shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the U.S. Securities and Exchange Commission (“SEC”), as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631).

#### **393A00.B. Regulatory Halt**

For the purposes of this chapter a Regulatory Halt shall be as defined in the “Plan to Address Extraordinary Market Volatility Submitted to the Securities and Exchange Commission Pursuant to Rule 608 of Regulation NMS Under the Securities Exchange Act of 1934” approved 31 May 2012 by the SEC, as amended from time to time (SEC, SRO Rulemaking, National Market System Plans, File 4-631) and as implemented under New York Stock Exchange Rule 80B for Trading Halts Due to Extraordinary Volatility or under Nasdaq Stock Market Rule 4121 for Trading Halts Due to Extraordinary Volatility.

#### **393A01. OPTIONS CHARACTERISTICS**

##### **393A01.A. Contract Months, Trading Hours, and Trading Halts**

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the Primary Futures Contract Month pursuant to Rule 39302.I.

In accordance with Rule 39302.I. the Exchange shall determine, in its sole discretion, the futures delivery month that represents such Primary Futures Contract Month and when such Primary Futures Contract Month is limit bid or limit offered.

##### **393A01.B. Trading Unit**

The trading unit shall be an option to buy in the case of a call, or to sell in the case of a put, one E-mini Russell 2000 Index futures contract (Chapter 393).

##### **393A01.C. Minimum Fluctuations**

Option prices shall be quoted in Index points. Each Index point shall represent \$50.00 per option contract.

Subject to Rule 393A01.C.1., the minimum price fluctuation shall be 0.1 Index points (equal to \$5.00 per option contract), *provided that* trades at price levels equal to or less than five (5) Index points may occur at price levels that are integer multiples of 0.05 Index points (equal to \$2.50 per option contract), and *provided that* trade may occur at a price level of 0.05 Index points irrespective of whether such trade results in the liquidation of positions for both parties to such trade.

##### **1. Option Spreads and Combinations**

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule, *provided that* for any option spread or combination that trades at a net premium of five (5) Index points or less, each option contract comprised within such spread or combination may trade in price increments of 0.05 Index points.

##### **393A01.D. Underlying Futures Contract**

###### **1. American Style Options in the March Quarterly Cycle (“Quarterly options”)**

For any American style option for which the expiration month is in the March quarterly cycle (i.e., March, June, September, or December), the Underlying Futures Contract shall be for delivery in such option’s expiration month.

*Example:* For a given year, futures for delivery in March shall be the Underlying Futures Contract for a March Quarterly option.

###### **2. European Style Weekly Options**

For any European style Weekly option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option’s expiration, subject to Rule 39303.A.

*Examples:* For a given year, futures for delivery in June shall be the Underlying Futures Contract for third (3rd) March, fourth (4th) March, first (1st) April, second (2nd) April, third (3rd) April, fourth (4th) April, first (1st) May, second (2nd) May, third (3rd) May, fourth (4th) May, first (1st) June, and second (2nd) June European style Weekly options. Futures for delivery in September shall be the Underlying Futures Contract for third (3rd) June and fourth (4th) June European style Weekly options.

The Exchange shall not list a European style Fourth Weekly option for trading in any instance where such option's expiration would occur on the last Business Day of a month.

### **3. European Style End-of-Month Options**

For any European style End-of-Month option, the Underlying Futures Contract shall be for delivery on the third Friday of the March quarterly cycle month next following such option's expiration, subject to Rule 39303.A.

*Examples:* For a given year, futures for delivery in March shall be the Underlying Futures Contract for a January European style End-of-Month option and for a February European style End-of-Month option. Futures for delivery in June shall be the Underlying Futures Contract for a March European style End-of-Month option.

#### **393A01.E. Exercise Prices**

In each month in the March quarterly cycle (Rule 393A01.D.1.) the Exchange shall determine an Exercise Price Reference on the Business Day first preceding the day on which the final settlement price of futures for delivery in such month (Rule 39303.A.) is scheduled to be determined. Such Exercise Price Reference shall be set equal to the daily settlement price of such futures, rounded *down* to the nearest Index point.

The Exchange shall use such Exercise Price Reference to determine listing ranges for option exercise prices on all Business Days following its determination, until and including the next Business Day on which the Exchange determines a successor Exercise Price Reference in accordance with this Rule.

#### **1. Quarterly Options**

On any Business Day, the Exchange shall ensure that Quarterly put and call options are listed for trading at all eligible exercise prices, as follows:

##### **25 Point Exercise Prices**

For Quarterly options exercisable into a given Underlying Futures Contract (Rule 393A01.D.1.), the Exchange shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 25 Index points (e.g., 1300, 1325, 1350) and that lie within a range from 50 percent of the Exercise Price Reference below, to 50 percent of the Exercise Price Reference above, the preceding Business Day's daily settlement price for such Underlying Futures Contract.

##### **10 Point Exercise Prices**

For Quarterly options exercisable into a given Underlying Futures Contract (Rule 393A01.D.1.), the Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 10 Index points (e.g., 1300, 1310, 1320) and that lie within a range from 20 percent of the Exercise Price Reference below, to 20 percent of the Exercise Price Reference above, the preceding Business Day's daily settlement price for such Underlying Futures Contract.

##### **5 Point Exercise Prices**

As of the day on which an Underlying Futures Contract for a given delivery month becomes the futures contract second-nearest to delivery in the March quarterly cycle (Rule 393A01.D.1.), the Exchange also shall ensure that Quarterly put and call options exercisable into such Underlying Futures Contract are listed for trading at all exercise price levels that are integer multiples of 5 Index points (e.g. 1300, 1305, 1310) and that lie within a range from 10 percent of the Exercise Price Reference below, to 10 percent of the Exercise Price Reference above, the preceding Business Day's daily settlement price for such Underlying Futures Contract.

#### **2. European Style Weekly Options**

A. On any given Business Day, options that are European Style Weekly options (Rules 393A01.D.), and that are scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 393A01.E.1.)

B. On any given Business Day, options that are European Style Weekly options (Rules 393A01.D.), and that are not scheduled to expire on the Third Friday of a specified month, and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all eligible exercise prices, as follows:

##### **5 Point Exercise Prices**

The Exchange also shall ensure that such put and call options are listed for trading at all exercise price levels that are integer multiples of 5 Index points (e.g. 1300, 1305, 1310) and that lie within a range from 25 percent below to 10 percent above the daily settlement price of such Underlying Futures Contract for the first preceding Business Day.

#### **3. European Style End-of-Month Options**

On any given Business Day, options that are European Style End-of-Month options (Rules 393A01.D.), and that are exercisable into a given Underlying Futures Contract, shall be listed for trading at all exercise price levels at which Quarterly options exercisable into such Underlying Futures Contract are concurrently listed for trading (Rule 393A01.E.1.).

New options may be listed for trading on any Business Day up to and including the termination of trading in such options.

User Defined Instrument (UDI) functionality allows users to dynamically create options strikes that co-exist with exchange-listed options strikes and allow the scope of tradeable instruments on CME Globex to expand without listing a larger group of options instruments.

User Defined Instruments are allowed at any integer multiple of 5 points for any expiry that is already listed.

The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

#### **393A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

#### **393A01.G. Nature of Options**

Upon exercise of a put option by the buyer of such option, the seller of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 393A01.D.) at such option's exercise price (Rule 393A01.E.). Upon exercise of a call option by the buyer of such option, the seller of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

##### **1. Quarterly Options**

The buyer of a Quarterly option (Rule 393A01.D.1.) may exercise such option at any time prior to its expiration.

##### **2. European Style Weekly Options and European Style End-of-Month Options**

The buyer of a European style Weekly option (Rule 393A01.D.2.) or a European style End-of-Month option (Rule 393A01.D.3.) may exercise such option only at its expiration.

#### **393A01.H. [Reserved]**

#### **393A01.I. Termination of Trading**

##### **1. Quarterly Options**

Trading in any Quarterly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 393A01.D.1.).

##### **2. European Style Weekly Options**

Trading in any European style Weekly option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 393A00.A.), on the Friday designated by the Exchange as such option's expiration date. For a given calendar month:

Trading shall terminate in European style First Weekly options, and such options shall expire, on the first Friday of such month.

Trading shall terminate in European style Second Weekly options, and such options shall expire, on the second Friday of such month

Trading shall terminate in European style Third Weekly options, and such options shall expire, on the third Friday of such month

Trading shall terminate in European style Fourth Weekly options, and such options shall expire, on the fourth Friday of such month

If such Friday is not a scheduled Business Day, then trading in expiring options shall be scheduled to terminate on the Business Day first preceding such Friday, *provided that* the Exchange shall not list European style Weekly options for trading in any such instance where the Business Day first preceding such Friday would be the last Business Day of the preceding calendar month.

The Exchange shall not list European style Fourth Weekly options for any month wherein the fourth Friday is the last Business Day of such month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

##### **3. European Style End-Of-Month Options**

Trading in any European style End-of-Month option shall terminate at 3:00 p.m., or at noon in the case of an early scheduled close of the Primary Listing Exchange (Rule 393A00.A.), on the last Business Day of such option's expiration month.

If the market in the Underlying Futures Contract for such option does not open on the day scheduled for termination of option trading, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

#### **393A01.J. [Reserved]**

## **393A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise of options.

### **393A02.A. Exercise of Option by Buyer**

#### **1. Quarterly Options**

Any Quarterly option (Rule 393A01.D.1.) may be exercised by the buyer on any Business Day on which such option may be traded. To exercise such option, the clearing member representing the option buyer shall present an exercise notice to the Clearing House by 7:00 p.m., or by such other time as the Exchange may designate, on the day of exercise. Any unexercised option shall expire at 7:00 p.m. on the last day of trading in such option (Rule 393A01.I.). Any option that is in the money, and that has not been liquidated or exercised prior to its termination of trading, shall be exercised automatically upon expiration, in the absence of contrary instructions. Such contrary instructions must be delivered to the Clearing House, by the clearing member representing the buyer of such option, no later than 7:00 p.m., or such other time as may be designated by the Exchange, on the last day of trading in such option.

A call option shall be in the money if the settlement price of such option's Underlying Futures Contract (Rule 393A01.D.) on the last day of trading in such option (Rule 393A01.I.) is strictly above such option's exercise price, and shall be out of the money if such settlement price is at or below such option's exercise price.

A put option shall be in the money if the settlement price of such option's Underlying Futures Contract on the last day of trading in such option is strictly below such option's exercise price, and shall be out of the money if such settlement price is at or above such option's exercise price.

#### **2. European Style Weekly Options and European Style End-of-Month Options**

Any European style Weekly option (Rule 393A01.D.2.) or European style End-of-Month option (Rule 393A01.D.3.) may be exercised only at, and not before, expiration of such option.

Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option's Underlying Futures Contract (Rule 393A01.D.). The Exchange, in its sole discretion, shall set such Fixing Price on the last day of trading in such option, as follows:

##### **Tier 1**

Such Fixing Price shall be based on the volume-weighted average price of transactions in such Underlying Futures Contract on the CME Globex electronic trading platform between 2:59:30 p.m. and 3:00:00 p.m. (or between 11:59:30 a.m. and noon in the case of an early scheduled close of the Primary Listing Exchange) ("reference interval").

##### **Tier 2**

If no such transaction occurs during the reference interval, then such Fixing Price shall be based on the average of midpoints of bid/ask spreads for such futures quoted on CME Globex during the reference interval, *provided that* the Fixing Price calculation shall exclude the midpoint value for any such bid/ask spread that is wider than 0.20 Index points.

##### **Tier 3**

If such Fixing Price cannot be determined pursuant to Tier 1 or Tier 2, or if an unscheduled nonregulatory halt in CME Globex trading in such Underlying Futures Contract occurs between 2:58:00 p.m. and 3:00:00 p.m., then such Fixing Price shall be based on the average transaction price during the reference interval of the CME Standard and Poor's 500 Stock Price Index ("S&P 500") futures contract (Chapter 351) for the same delivery month as such option's Underlying Futures Contract (Rule 393A01.D.).

##### **Tier 4**

If such Fixing Price cannot be determined pursuant to Tier 1, Tier 2, or Tier 3, then the Exchange, in its sole discretion, shall set such Fixing Price by alternative means which may include, but are not limited to, derivation by reference to the basis relationship between such futures contract's price and the Index, or application of Tier 1, Tier 2, or Tier 3 calculations to successive time intervals of increasing length, in integer multiples of thirty (30) seconds, until suitable price data are obtained.

The resultant Fixing Price value shall be rounded to the nearest integer multiple of 0.01 Index points. Such Fixing Price, so rounded, shall be used to determine whether an option expires in the money or out of the money.

If, at the time such Fixing Price is scheduled to be calculated in respect of expiring options, the Primary Listing Exchange (Rule 393A00.A.) is subject to a Regulatory Halt (Rule 393A00.B.), and the Primary Futures Contract Month is limit offered at the maximum price limit permissible during such Regulatory Halt pursuant to Rule 39302.I., then (a) such option shall expire at 8:31 a.m. on the next following Business Day on which a Regulatory Halt is not in effect, and (b) the Fixing Price in respect of such option shall be calculated in accordance with the corresponding provisions of this Rule, on the basis of a reference interval beginning at 8:30:30 a.m. and concluding at 8:31:00 a.m.

An expiring call option shall be in the money if the corresponding Fixing Price is strictly above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or below such option's exercise price.

An expiring put option shall be in the money if the corresponding Fixing Price is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

### **393A02.B. Assignment**

For a given option contract, an exercise notice accepted by the Clearing House in accordance with Rules 393A02.A. shall be assigned by the Clearing House through a process of random selection to clearing members carrying open short positions in such option contract. A clearing member to whom such exercise notice has been assigned shall be notified thereof as soon as practicable following such assignment.

The clearing member to whom such exercise notice has been assigned shall be assigned a short position in such option's Underlying Futures Contract (Rules 393A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put. The clearing member representing the option buyer making exercise shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House accepts such exercise notice.

**393A03. [RESERVED]**

**393A04. CORRECTIONS TO OPTION EXERCISES**

Corrections to option exercises may be accepted by the Clearing House after 7:00 p.m. and up to the beginning of final option expiration processing (in accord with Rules 393A02.A.), *provided that* such corrections are necessary due to: (1) a bona fide clerical error, (2) unreconciled Exchange option transaction(s), or (3) an extraordinary circumstance where the clearing firm and customer are unable to communicate final option exercise instructions prior to 7:00 p.m. The decision as to whether a correction is acceptable will be made by the President of the Clearing House, or the President's designee, and such decision will be final.
