**Re: CFTC Regulation 40.2(a) Certification. Initial Listing of the Options on Micro Bitcoin Futures and Options on Micro Ether Futures Contracts.  
CME Submission No. 22-072 (18 of 30)**

Chicago Mercantile Exchange Inc. (“CME” or “Exchange”) certifies to the Commodity Futures Trading Commission (“CFTC” or “Commission”) the initial listing of Options on Micro Bitcoin Futures and Options on Micro Ether Futures contracts (the “Contracts”) for trading on the CME Globex electronic trading platform (“CME Globex”) and for submission for clearing via CME ClearPort effective on Sunday, March 27, 2022 for trade date Monday, March 28, 2022.

**Section 1 – Contract Specifications**

<b>Contract Title</b>	<b>Options on Micro Bitcoin Futures</b>	<b>Options on Micro Ether Futures</b>
<b>Rulebook Chapter</b>	CME 348A	CME 347A

#### Termination of Trading

##### Weekly Expiries:

Monday Weekly expiry: Trading terminates at 4:00 p.m. London time on Monday of the contract week.

If such Monday is not a scheduled Business Day in both the US and UK, then trading in expiring options shall be scheduled to terminate on the Business Day in either the US or the UK, next following such Monday.

Wednesday Weekly expiry: Trading terminates at 4:00 p.m. London time on Wednesday of the contract week.

If such Wednesday is not a scheduled Business Day in both the US and UK, then trading in expiring options shall be scheduled to terminate on the Business Day in either the US or the UK, first preceding such Wednesday.

Friday Weekly expiry: Trading terminates at 4:00 p.m. London time on Friday of the contract week.

If such Friday is not a scheduled Business Day in both the US and UK, then trading in expiring options shall be scheduled to terminate on the Business Day in either the US or the UK, first preceding such Friday.

##### Monthly expiry:

Trading terminates at 4:00 p.m. London time on the last Friday of the contract month.

If that day is not a Business Day in both the UK and the US, trading shall terminate on the preceding day that is a Business Day in either the UK or the US.

<b>Final Settlement</b>	Options which are in-the-money on the last day of trading are automatically exercised.  Option exercise results in a position in the underlying cash-settled futures contract	Options which are in-the-money on the last day of trading are automatically exercised.  Option exercise results in a position in the underlying cash-settled futures contract.
	<b>Monday, Wednesday, and Friday Weekly expiry:</b>  Whether an option expires in the money or out of the money shall be determined by reference to the Fixing Price. The Fixing Price shall be based on the notionally-adjusted volume-weighted average price of transactions in Bitcoin futures and Micro Bitcoin futures on the CME Globex electronic trading platform during the last thirty (30) minutes of trading on expiration day (3:30:00 p.m. – 3:59:59 p.m. London time).	<b>Monday, Wednesday, and Friday Weekly expiry:</b>  Whether an option expires in the money or out of the money shall be determined by reference to the Fixing Price. ## Section 2 – Compliance with Core Principles

The Exchange reviewed the designated contract market core principles (“DCM Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or the “Act”) and identified that the following DCM Core Principles may be impacted as follows:

### **Core Principle 2 – Compliance with Rules**

Trading in the Contracts shall be subject to CME Rulebook Chapter 4, which includes prohibitions against fraudulent, noncompetitive, unfair, and abusive practices. Additionally, trading in these Contracts shall be

subject to the Exchange's trade practice rules, the majority of which are contained in Chapter 5 and Chapter 8 of the Rulebook. Trading activity in the Contracts shall be subject to monitoring and surveillance by CME Group's Market Regulation Department, which has the authority to exercise its investigatory and enforcement power where potential rule violations are identified.

### ***Core Principle 3 – Contracts Not Readily Subject to Manipulation***

The Exchange certifies that the underlying reference rate, the CME CF Bitcoin Reference Rate (BRR), is not readily subject to manipulation. The index is calculated from a large number of trades observed during the calculation window. The combination of volume weighting of medians plus non-weighted partitions prevents manipulation in the reference rate. Ultimately, influencing the BRR would require significant trading activity on several exchanges over an extended period of time.

BRR is calculated and administered by CF Benchmarks (registered with the European Securities and Markets Authority as a benchmark administrator in accordance with Article 34 of the EU Benchmarks Regulation) under the regulatory supervision of the UK Financial Conduct Authority.

The BRR was first published on November 14, 2016 and has been calculated and published daily without exception to date. It is published daily on the CME Group website.

### ***Core Principle 4 – Prevention of Market Disruption***

Trading in the Contracts will be subject to CME Rulebook Chapters 4 and 7, which include prohibitions on manipulation, price distortion, and disruption to the expiration and assignment process. As with any new product listed for trading on a CME Group designated contract market, trading activity in the contracts certified herein will be subject to monitoring and surveillance by CME Group's Market Regulation Department.

### ***Core Principle 5 – Position Limits or Accountability***

Positions for Options on Micro Bitcoin Futures will be aggregated with the Exchange's Bitcoin Futures contract (BTC) at the applicable ratio given the differing notional values. The spot month position limit will remain 4,000 standard Bitcoin Futures contract equivalents, effective on the first trading day of the expiring contract month, reducing to 2,000 contracts at the close of business three (3) business days (T-3) prior to expiration. Standard Bitcoin Futures, options on Bitcoin Futures, Micro Bitcoin Futures and Options on Micro Bitcoin Futures will share the same position limit.

Spot month position limits are 4,000 standard Bitcoin Futures contract equivalents, effective on the first trading day of the expiring contract month, reducing to 2,000 contracts at the close of business three (3) business days (T-3) prior to expiration in the spot month. Single month and all month accountability levels are 5,000 standard Bitcoin Futures contract equivalents.

Additionally, to allow for enhanced transparency and more effective market surveillance, a reportable position level of one (1) Option on Micro Bitcoin Futures contract will be implemented.

Positions for Options on Micro Ether Futures will be aggregated with the Exchange's Ether Futures contract (ETH) at the applicable ratio given the differing notional values. The spot month position limit will remain 8,000 standard Ether Futures contract equivalents, Micro Ether Futures and Options on Micro Ether Futures will share the same position limit.

Position limits are 8,000 standard Ether Futures contract equivalents, in the spot month and are effective on the first trading day of the expiring contract month. Single month and all month accountability levels are 20,000 standard Ether Futures contract equivalents.

Additionally, to allow for enhanced transparency and more effective market surveillance, a reportable position level of one (1) Option on Micro Ether Futures contract will be implemented.

The position limits for the Contract are consistent with the Commission's guidance.

#### ***Core Principle 7 – Availability of General Information***

The Exchange shall disseminate a Special Executive Report ("SER") that sets forth information in regard to specifications, terms, and conditions of the Contracts. The SER will also be published on the Exchange's website.

#### ***Core Principle 8 – Daily Publication of Trading Information***

The Exchange shall publish trading volumes, open interest levels, and price information daily of the Contracts on the CME Group website and through quote vendors.

#### ***Core Principle 9 – Execution of Transactions***

The Contracts will be listed for trading on the CME Globex electronic trading and for clearing through CME ClearPort. The CME Globex electronic trading venue provides for competitive and open execution of transactions. CME Globex affords the benefits of reliability and global connectivity.

#### ***Core Principle 10 – Trade Information***

All requisite trade information shall be included in the audit trail and will suffice for the Market Regulation Department to monitor for market abuse.

#### ***Core Principle 11 – Financial Integrity of Transactions***

The Contracts shall be cleared by CME Clearing, which is registered with the Commission as a derivative clearing organization, and which is subject to all CFTC regulations related thereto.

#### ***Core Principle 12 – Protection of Markets and Market Participants***

Chapters 4 and 5 in the CME Rulebook set forth multiple strictures that preclude intermediaries from disadvantaging their customers. These Rules apply to trading in the Exchange's competitive trading venues and will apply to transactions in the Contracts.

#### ***Core Principle 13 – Disciplinary Procedures***

Chapter 4 of the CME Rulebook provide for the Exchange to discipline, suspend, or expel members or market participants who violate the rules of the Exchange. Trading in the Contracts shall be subject to these provisions. The Exchange's Market Regulation Department has the authority to exercise its powers of enforcement, in the event that rule violations in the Contracts are identified.

#### ***Core Principle 14 – Dispute Resolution***

Disputes in respect of the Contracts shall be subject to the arbitration provisions set forth in Chapter 6 of both the CME Rulebook, which allow all nonmembers to submit to arbitration claims for financial loss resulting from transactions on the Exchange. Pursuant to these provisions, any member named as a respondent in any such claim submitted by a nonmember is required to participate in arbitration proceedings. Additionally, the Exchange requires members to resolve via arbitration all disputes concerning transactions on the Exchange.

Pursuant to Section 5c(c) of the Act and Regulation 40.2(a), the Exchange certifies that the Contracts comply with the Act, including all regulations thereunder. There were no substantive opposing views to this proposal.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-fillings.html>.

Should you have any questions concerning the above, please contact the undersigned at (212) 299-2200 or [CMEGSubmissionInquiry@cmegroup.com](mailto:CMEGSubmissionInquiry@cmegroup.com).

Sincerely,

/s/ Christopher Bowen  
Managing Director and Chief Regulatory Counsel

## Appendix A

### Chapter 348A Options on Micro Bitcoin Futures

#### **348A00. SCOPE OF CHAPTER**

This chapter is limited in application to options on Micro Bitcoin Futures (“futures”). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable.

Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

#### **348A01. OPTIONS CHARACTERISTICS**

##### **348A01.A. Contract Months, Trading Hours, and Trading Halts**

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the underlying Futures Contract Month for Micro Bitcoin Futures.

##### **348A01.B. Trading Unit**

The trading unit shall be an option to buy in the case of a call, or to sell in the case of a put, one Micro Bitcoin Futures contract (Chapter 348). Such Micro Bitcoin Futures contract shall represent one tenth (1/10) bitcoin as valued by the CME CF Bitcoin Reference Rate (“BRR”) in accordance with Rule 34801.

##### **348A01.C. Minimum Fluctuations**

###### **1. Outright**

Option prices shall be quoted in BRR Index points (USD per bitcoin).

The minimum price fluctuation shall be 5 Index points (equal to \$0.50 per option contract), provided that trades at a premium equal to or less than 25 Index points (equal to \$2.50 per option contract) may occur at price levels that are integer multiples of 1 Index point (equal to \$0.10 per option contract).

###### **2. Option Spreads and Combinations**

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule, provided that for any option spread or combination that trades at a net premium of 25 Index points (equal to \$2.50 per option contract spread) or less than, each option contract comprised within such spread or combination may trade in price increments of 1 Index point (equal to \$0.10 per option contract).

##### **348A01.D. Underlying Futures Contract**

###### **1. Monthly Options**

For any Monthly option, the Underlying Futures Contract shall be for delivery on the last Friday of the same month as such option’s named month of expiration, subject to Rule 34803.A.

###### **2. Weekly Monday Options**

For any Weekly Monday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34803.A.

###### **3. Weekly Wednesday Options**

For any Weekly Wednesday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34803.A.

###### **4. Weekly Friday Options**

For any Weekly Friday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34803.A.

##### **348A01.E. Exercise Prices**

###### **1. Regularly-Listed Exercise Prices**

On any Business Day, and subject to Rule 348A01.A., the Exchange shall ensure that Monthly, Weekly Monday, Weekly Wednesday and Weekly Friday put and call options are listed for trading at all eligible exercise prices set forth in the [Strike Price Listing and Exercise Procedures Table](#).

## **2. Dynamically-Listed Exercise Prices**

Upon demand and at the discretion of the Exchange, an option with an out-of-current-range exercise price may be listed for trading as a User-Defined Instrument, on an as-soon-as-possible basis, provided that the exercise price of such option shall be an integer multiple of 25 Index points (\$25 per bitcoin). The Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

### **348A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

### **348A01.G. Nature of Options**

Upon exercise of a put option on behalf of the long holder of such option, the short holder of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 348A01.D.) at such option's exercise price (Rule 348A01.E.). Upon exercise of a call option on behalf of the long holder of such option, the short holder of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

Any Monthly, Weekly Monday, Weekly Wednesday or Weekly Friday option will be exercised only at its expiration.

### **348A01.H. Daily Price Limits**

At the commencement of each trading day, the contract shall be subject to special price fluctuation limits and daily price limits as set forth in Rule 589 and in the Special Price Fluctuation Limits Table in the Interpretations & Special Notices Section of Chapter 5.

### **348A01.I. Termination of Trading**

Any Monthly option (Rule 348A01.D.1.), Weekly Monday option (Rule 348A01.D.2.), Weekly Wednesday option (Rule 348A01.D.3.) or Weekly Friday option (Rule 348A01.D.4.) may be exercised only at, and not before, the expiration of such option. Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

#### **1. Monthly Options**

Trading in any Monthly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 348A01.D.1.).

If that day is not a business day in both the UK and the US, trading shall terminate on the preceding day that is a business day in either the UK or the US.

#### **2. Weekly Monday, Weekly Wednesday and Weekly Friday Options**

Trading in any Weekly Monday, Weekly Wednesday and Weekly Friday option shall terminate on its expiration date at 4:00:00 p.m. London time.

If such Monday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that next follows such Monday.

If such Wednesday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that first precedes such Wednesday.

If such Friday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that first precedes such Friday.

If the market in the Underlying Futures Contract for any such Weekly Monday, Weekly Wednesday or Weekly Friday option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

**348A01.J. [Reserved]**

**348A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise and assignment of options.

Options which are in-the-money on the last day of trading are automatically exercised.

**348A02.A. Exercise**

Any Monthly option (Rule 348A01.D.1.), Weekly Monday option (Rule 348A01.D.2.), Weekly Wednesday option (Rule 348A01.D.3.) or Weekly Friday option (Rule 348A01.D.4.) may be exercised only at, and not before, the expiration of such option. Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

**1. Monthly Options**

An expiring Monthly call option (Rule 348A01.D.1.) shall be in the money if the corresponding Final Settlement Price for the Underlying Futures Contract (Rule 34803.A.) is at or above such option's exercise price, and shall be out of the money if the corresponding Final Settlement Price is strictly below such option's exercise price.

An expiring Monthly put option (Rule 348A01.D.1.) shall be in the money if the corresponding Final Settlement Price for the Underlying Futures Contract (Rule 34803.A.) is strictly below such option's exercise price, and shall be out of the money if the corresponding Final Settlement Price is at or above such option's exercise price.

**2. Weekly Monday, Weekly Wednesday and Weekly Friday Options**

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option, as follows:

Such Fixing Price shall be based on the notionally-adjusted volume-weighted average price of transactions in Bitcoin futures and Micro Bitcoin futures on the CME Globex electronic trading platform during the last thirty (30) minutes of trading on expiration day (3:30:00 p.m. – 3:59:59 p.m. London time)

In the event such Fixing Price calculation cannot be determined pursuant to the above calculation, the Exchange, in its sole discretion, shall set such Fixing Price by alternative means.

An expiring Weekly Monday call option (Rule 348A01.D.2.), Weekly Wednesday call option (Rule 348A01.D.3.) or Weekly Friday call option (Rule 348A01.D.4.) shall be in the money if the corresponding Fixing Price for the Underlying Futures Contract (Rule 34803.A.) is at or above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is strictly below such option's exercise price.

An expiring Weekly Monday put option (Rule 348A01.D.2.), Weekly Wednesday put option (Rule 348A01.D.3.) or Weekly Friday put option (Rule 348A01.D.4.) shall be in the money if the corresponding Fixing Price for the Underlying Futures Contract (Rule 34803.A.) is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

**348A02.B. Assignment**

For a given option contract, an exercise by the Clearing House in accordance with Rules 348A02.A. shall be assigned by the Clearing House to clearing members carrying open short positions in such option contract.

The clearing member representing the short holder of such option shall be assigned a short position in such option's Underlying Futures Contract (Rule 348A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put.

The clearing member representing the long holder of such option shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House automatically exercises such.

## Chapter 347A Options on Micro Ether Futures

### 347A00. SCOPE OF CHAPTER

This chapter is limited in application to options on Micro Ether Futures (“futures”). In addition to this chapter, options on futures shall be subject to the general rules and regulations of the Exchange as applicable.

Unless otherwise specified, times referenced herein shall refer to and indicate Chicago time.

### 347A01. OPTIONS CHARACTERISTICS

#### 347A01.A. Contract Months, Trading Hours, and Trading Halts

Options shall be listed for expiration on such dates and shall be scheduled for trading during such hours as may be determined by the Exchange, *provided that* there shall be no trading in options when trading is halted in the underlying Futures Contract Month for Micro Ether Futures.

#### 347A01.B. Trading Unit

The trading unit shall be an option to buy in the case of a call, or to sell in the case of a put, one Micro Ether Futures contract (Chapter 347). Such Micro Ether Futures contract shall represent one tenth (1/10) ether as valued by the CME CF Ether-Dollar Reference Rate (“ETHUSD\_RR”) in accordance with Rule 34701.

#### 347A01.C. Minimum Fluctuations

##### 1. Outright

Option prices shall be quoted in ETHUSD\_RR Index points (USD per ether),

The minimum price fluctuation shall be 0.50 Index Points, equal to \$0.05 per option contract.

##### 2. Option Spreads and Combinations

Any option contract that trades as a component of a spread or combination shall be traded at a price that conforms to the applicable minimum price fluctuation as set forth in this Rule. The minimum price fluctuation shall be 0.50 Index Points, equal to \$0.05 per option contract

#### 347A01.D. Underlying Futures Contract

##### 1. Monthly Options

For any Monthly option, the Underlying Futures Contract shall be for delivery on the last Friday of the same month as such option’s named month of expiration, subject to Rule 34703.A.

##### 2. Weekly Monday Options

For any Weekly Monday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34703.A

##### 3. Weekly Wednesday Options

For any Weekly Wednesday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34703.A.

##### 4. Weekly Friday Options

For any Weekly Friday option, the Underlying Futures Contract shall be the next expiring Futures Contract after such option’s expiration, subject to Rule 34703.A.

#### 347A01.E. Exercise Prices

##### 1. Regularly-Listed Exercise Prices

On any Business Day, and subject to Rule 347A01.A., the Exchange shall ensure that Monthly, Weekly Monday, Weekly Wednesday and Weekly Friday put and call options are listed for trading at all eligible exercise prices set forth in the [Strike Price Listing and Exercise Procedures Table](#).

##### 2. Dynamically-Listed Exercise Prices

Upon demand and at the discretion of the Exchange, an option with an out-of-current-range exercise price may be listed for trading as a User-Defined Instrument, on an as-soon-as-possible basis, provided that the exercise price of such option shall be an integer multiple of 25 Index points (\$25 per ether). The

Exchange may modify the provisions governing the establishment of exercise prices as it deems appropriate.

**347A01.F. Position Limits, Exemptions, Position Accountability and Reportable Levels**

The applicable position limits and/or accountability levels, in addition to the reportable levels, are set forth in the Position Limit, Position Accountability and Reportable Level Table in the Interpretations & Special Notices Section of Chapter 5.

A Person seeking an exemption from position limits for bona fide commercial purposes shall apply to the Market Regulation Department on forms provided by the Exchange, and the Market Regulation Department may grant qualified exemptions in its sole discretion.

Refer to Rule 559 for requirements concerning the aggregation of positions and allowable exemptions from the specified position limits.

**347A01.G. Nature of Options**

Upon exercise of a put option on behalf of the long holder of such option, the short holder of such option shall incur the obligation to assume a long position in one Underlying Futures Contract (Rule 347A01.D.) at such option's exercise price (Rule 347A01.E.). Upon exercise of a call option on behalf of the long holder of such option, the short holder of such option shall incur the obligation to assume a short position in one Underlying Futures Contract at such option's exercise price.

Any Monthly, Weekly Monday, Weekly Wednesday or Weekly Friday option will be exercised only at its expiration.

**347A01.H. Daily Price Limits**

At the commencement of each trading day, the contract shall be subject to special price fluctuation limits and daily price limits as set forth in Rule 589 and in the Special Price Fluctuation Limits Table in the Interpretations & Special Notices Section of Chapter 5.

**347A01.I. Termination of Trading**

**1. Monthly Options**

Trading in any Monthly option shall terminate on the same date and at the same time as the termination of trading in such option's Underlying Futures Contract (Rule 347A01.D.1.).

If that day is not a business day in both the UK and the US, trading shall terminate on the preceding day that is a business day in either the UK or the US.

**2. Weekly Monday, Weekly Wednesday and Weekly Friday Options**

Trading in any Weekly Monday, Weekly Wednesday and Weekly Friday option shall terminate on its expiration date at 4:00:00 p.m. London time.

If such Monday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that next following such Monday.

If such Wednesday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that first precedes such Wednesday.

If such Friday is not a scheduled Business Day in both the US and the UK, then trading in expiring options shall be scheduled to terminate on the Business Day, in either the US or the UK, that first precedes such Friday.

If the market in the Underlying Futures Contract for any such Weekly Monday, Weekly Wednesday or Weekly Friday option does not open on the day scheduled for termination of option trading and for option expiration, then trading in such option shall terminate, and such option shall expire, on the next day on which the market in such Underlying Futures Contract is open for trading.

**347A01.J. [Reserved]**

**347A02. EXERCISE AND ASSIGNMENT**

In addition to the applicable procedures and requirements of Chapter 7, the following shall apply to the exercise and assignment of options.

Options which are in-the-money on the last day of trading are automatically exercised.

**347A02.A. Exercise**

Any Monthly option (Rule 347A01.D.1.), Weekly Monday option (Rule 347A01.D.2.), Weekly Wednesday option (Rule 347A01.D.3.) or Weekly Friday option (Rule 347A01.D.4.) may be exercised only at, and not before, the expiration of such option. Following termination of trading in expiring options, any such option that is in the money shall be automatically exercised by the Clearing House, and any such option that is out of the money shall be abandoned by the Clearing House. For the avoidance of doubt, no such option that expires in the money may be abandoned, and no such option that expires out of the money may be exercised.

### **1. Monthly Options**

An expiring Monthly call option (Rule 347A01.D.1.) shall be in the money if the corresponding Final Settlement Price for the Underlying Futures Contract (Rule 34703.A.) is at or above such option's exercise price, and shall be out of the money if the corresponding Final Settlement Price is strictly below such option's exercise price.

An expiring Monthly put option (Rule 347A01.D.1.) shall be in the money if the corresponding Final Settlement Price for the Underlying Futures Contract (Rule 34703.A.) is strictly below such option's exercise price, and shall be out of the money if the corresponding Final Settlement Price is at or above such option's exercise price.

### **2. Weekly Monday, Weekly Wednesday and Weekly Friday Options**

Whether an option expires in the money or out of the money shall be determined by the Exchange, in its sole discretion, by reference to the Fixing Price of such option, as follows:

Such Fixing Price shall be based on the notionally-adjusted volume-weighted average price of transactions in Ether futures and Micro Ether futures on the CME Globex electronic trading platform during the last thirty (30) minutes of trading on expiration day (3:30:00 p.m. – 3:59:59 p.m. London time)

In the event such Fixing Price calculation cannot be determined pursuant to the above calculation, the Exchange, in its sole discretion, shall set such Fixing Price by alternative means.

An expiring Weekly Monday call option (Rule 347A01.D.2.), Weekly Wednesday call option (Rule 347A01.D.3.) or Weekly Friday call option (Rule 347A01.D.4.) shall be in the money if the corresponding Fixing Price for the Underlying Futures Contract (Rule 34703.A.) is at or above such option's exercise price, and shall be out of the money if the corresponding Fixing Price is strictly below such option's exercise price.

An expiring Weekly Monday put option (Rule 347A01.D.2.), Weekly Wednesday put option (Rule 347A01.D.3.) or Weekly Friday put option (Rule 347A01.D.4.) shall be in the money if the corresponding Fixing Price for the Underlying Futures Contract (Rule 34703.A.) is strictly below such option's exercise price, and shall be out of the money if the corresponding Fixing Price is at or above such option's exercise price.

### **347A02.B. Assignment**

For a given option contract, an exercise by the Clearing House in accordance with Rules 347A02.A. shall be assigned by the Clearing House to clearing members carrying open short positions in such option contract.

The clearing member representing the short holder of such option shall be assigned a short position in such option's Underlying Futures Contract (Rule 347A01.D.) if such option is a call, or a long position in such option's Underlying Futures Contract if such option is a put.

The clearing member representing the long holder of such option shall be assigned a long position in such option's Underlying Futures Contract if such option is a call, or a short position in such option's Underlying Futures Contract if such option is a put.

All such futures positions shall be assigned at a price equal to the exercise price of such option contract, and shall be marked to market (in accordance with Rule 814) on the Business Day on which the Clearing House automatically exercises such.
