Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will the President’s approval rating be <above/below/between> <percentage points> on <date> according to *FiveThirtyEight?*” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi) hereby notifies the Commission that it is self-certifying the “Will the President’s approval rating be <above/below/between> <percentage points> on <date> according to *FiveThirtyEight?*” contract (Contract). The Exchange intends to list the contract on a weekly basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- <percentage points> (the target approval rating)
- <date> (the target date)

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Elie Mishory
Chief Regulatory Officer
KalshiEX LLC

Kalshi Contract Category: Economic/Demographic Data – Non U.S. Government

538 Biden Approval Rating

April 25, 2022

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles, and the Commission's regulations thereunder.

I. Introduction

The “Will the President’s approval rating be <above/below/between> <percentage points> on <date> according to *FiveThirtyEight*?” Contract is a contract relating to the U.S. Presidential approval rating as measured by *FiveThirtyEight*.¹ Approval ratings are an important, widely-followed leading indicator about the passage of the presidential agenda. After careful analysis, Kalshi (hereafter referred to as “Exchange”) has determined that the Contract complies with its vetting framework, which has been reviewed by the CFTC and formed part of the Exchange’s application for designation as a Contract Market (“DCM”) that was approved by the Commission.

Approval ratings are an important leading indicator about the overall prospects of the presidential agenda. Considering the narrow margins in Congress, vulnerable representatives and Senators closely monitor approval ratings when deciding how much political risk to assume: if a President is highly popular, they may feel comfortable voting for the president’s agenda--if the President’s rating is underwater, the Congressperson may want to score political points by publicly repudiating the president and the president’s agenda. In the current highly polarized political environment, even a small change in approval ratings could be of great consequence for a President’s agenda. As Congress gears to a head on several major issues--the debt ceiling, trillion dollar infrastructure and investment plans--this is a critical tool for businesses to hedge against the risk of a major change in expected government policy.

¹ *FiveThirtyEight* is a registered mark of American Broadcasting Companies, Inc. Kalshi is not affiliated with American Broadcasting Companies and it, nor its affiliates, sponsor or endorse Kalshi or its products in any way. In particular, the Kalshi Contracts are not sponsored, endorsed, sold or promoted by American Broadcasting Companies.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other binary contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. The Exchange has further imposed position limits (defined as maximum loss exposure) of \$25,000 USD on the Contract. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees are charged in such amounts as may be revised from time to time to be reflected on the Exchange's Website. Additionally, as outlined in Rule 7.2 of the Rulebook, if any event or any circumstance which may have a material impact on the reliability or transparency of a Contract's Source Agency or the Underlying related to the Contract arises, Kalshi retains the authority to designate a new Source Agency and Underlying for that Contract and to change any associated Contract specifications after the first day of trading. That new Source Agency and Underlying would be objective and verifiable. Kalshi would announce any such decision on its website. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. After trading on the Contract has closed, the Expiration Value and Market Outcome are determined. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that the U.S. presidential approval rating is <above/below/between> <percentage points> on <date>, then the long position holders are paid an absolute amount proportional to the

size of their position and the short position holders receive no payment. If the Market Outcome is “No,” then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of “Yes” are included below in the section titled “Payout Criterion” in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY
EXCHANGE ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING
COMMISSION RULE 40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- The Contract complies with the Act and Commission regulations thereunder.
- This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

Appendix D (Confidential) - Compliance with Core Principles

APPENDIX A – CONTRACT TERMS AND CONDITIONS

TERMS OF CONTRACTS TRADED ON KALSHI

**Official Product Name: Will the President’s approval rating be <above/below/between>
<percentage points> on <date> according to *FiveThirtyEight*?**

Rulebook: 538APPROVE

538APPROVE

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this contract is *FiveThirtyEight*'s calculation of the U.S. President's approval rating in percentage points for <date>.² Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Instructions: The current URL for President Joe Biden's approval rating is available [here](#).³ These instructions on how to access the Underlying are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time.

The following image is from April 1, 2022, and the Underlying would be '41.1'.

Source Agency: The Source Agency is *FiveThirtyEight*.

Type: The type of Contract is a Binary Contract.

² *FiveThirtyEight* is a registered mark of American Broadcasting Companies, Inc. Kalshi is not affiliated with American Broadcasting Companies and it, nor its affiliates, sponsor or endorse Kalshi or its products in any way. In particular, the Kalshi Contracts are not sponsored, endorsed, sold or promoted by American Broadcasting Companies.

³ <https://projects.fivethirtyeight.com/biden-approval-rating/?cid=rrpromo>

Issuance: The Contract is based on the outcome of a recurrent data release, which is issued on a regular basis. Thus, Contract iterations will be issued on a recurring basis, and future Contract iterations will generally correspond to the next week.

<date>: <date> refers to a calendar <date> specified by Kalshi. Kalshi may list iterations of the Contract corresponding to variations of <date>. This will typically correspond to the Wednesday following Issuance.

<percentage points>: Kalshi may list iterations of the Contract with <percentage points> levels that fall within an inclusive range between a maximum value of 100.0 and a minimum value of 0.0 at consecutive increments of 0.1. Due to the potential for variability in the Underlying, the Exchange may modify <percentage point> levels in response to suggestions by Members.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that are <above/below/between> <percentage points>. If no data is available, the Contract resolves to No. If the value of <above/below/between> is “between”, then <percentage points> shall be a pair of percentage points, and an Expiration Value that is greater than or equal to the lower value of the percent pair and less than or equal to the greater value of the percent pair are encompassed in the Payout Criterion.

Minimum Tick: The Minimum Tick size for the referred Contract shall be \$0.01.

Position Limit: The Position Limit for the \$1 referred Contract shall be \$25,000 per Member.

Last Trading Date: The Last Trading Date of the Contract will be <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The Expiration Date of the Contract shall be the first day after <date> in which data is available for <date> or one week after <date>.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration Time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(c) of the Rulebook. Additionally, as outlined in Rule 7.2 of the Rulebook, if any event or any circumstance which may have a material impact on the reliability or transparency of a Contract's Source Agency or the Underlying related to the Contract arises, Kalshi retains the authority to designate a new Source Agency and Underlying for that Contract and to change any associated Contract specifications after the first day of trading.
