Re: OneChicago, LLC Security Futures Product Rule Submission  
Amending Position Limits for Certain Security Futures Products  
(OneChicago Submission Number 18-010)

Dear Mr. Kirkpatrick:

Pursuant to section 5c(c)(1) of the Commodity Exchange Act, as amended (the “Act”), and § 41.24(a) of the regulations promulgated by the Commodity Futures Trading Commission (“CFTC” or the “Commission”) under the Act, OneChicago, LLC (“OneChicago” or the “Exchange”) hereby submits the following security futures product rule amendment, which will become effective on May 23, 2018.

Section 41.25(a)(3) of the Commission’s regulations establishes speculative position limits for security futures products. Pursuant to that section, designated contract markets (“DCMs”) must adopt position limits of 13,500 contracts for security futures products, but may adopt increased position limits (or Position Accountability) when the underlying security meets certain criteria. Those criteria are related to the average daily trading volume and the number of shares outstanding for the underlying security. OneChicago has recalculated the position limits for its security futures products based on these criteria, and is amending position limits for the following products:

<b>Underlying Symbol</b>	<b>Name</b>	<b>Previous Position Limit</b>	<b>New Position Limit</b>
FXI	iShare China Large-Cap ETF	22,500	PA
JPM	JPMorgan Chase & Co.	13,500	22,500
PFE	Pfizer Inc.	22,500	PA
TEVA	Teva Pharmaceutical Industries Ltd.	PA	22,500

The purpose and effect of the rule amendment is to set position limits for OneChicago products in accordance with § 41.25 of the Commission's regulations. Comments on this security futures rule amendment have not been solicited and none have been received. OneChicago is not aware of any substantive opposing views to this rule amendment. OneChicago certifies that the rule amendment complies with the Act, including the core principles, and the Commission's regulations promulgated thereunder. OneChicago further certifies that a copy of this submission has been posted on the [OneChicago website](#).

OneChicago staff has reviewed the core principles applicable to DCMs, and has concluded that the proposed rule amendment may have some bearing upon the following core principles:

*Core Principle 5:* Core Principle 5 requires that a DCM adopt position limits or position accountability to reduce the potential threat of market manipulation or congestion. This rule amendment supports Core Principle 5 in that it adjusts position limits for OneChicago products pursuant to Commission regulation § 41.25.
