**RE: Weekly Notification of Rule Amendments: Nadex Adds Discretionary Strikes for the Week of June 13, 2016 - Submission Pursuant to Commission Reg. §40.6(d)**

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and section §40.6(d) of the regulations promulgated by the Commodity Futures Trading Commission (the “Commission”) under the Act (the “Regulations”), and by the authority granted in Nadex Rule 12, North American Derivatives Exchange, Inc. (“Nadex”, the “Exchange”) hereby provides notice that due to volatility in the underlying markets upon which the Nadex contracts are based, Nadex added additional strike levels on a discretionary basis in its Weekly Bitcoin, Japan 225, GBP/USD, GBP/JPY, EUR/JPY, Corn, Soybeans, and US Tech 100 Binary contracts on June 16 and 17, 2016. Additionally, Nadex added discretionary strike levels in its Daily Bitcoin, Wall Street 30, US Tech 100, Gold, GBP/JPY, and EUR/JPY Binary contracts on June 16, 2016. Nadex added additional strike levels in its Intraday GBP/USD (11AM), GBP/USD (12PM), GBP/JPY (12PM), GBP/JPY (1PM), EUR/USD (1PM), AUD/USD (2PM), AUD/JPY (2PM), GBP/USD (1PM), USD/CAD (2PM), USD/JPY (2PM), GBP/JPY (2PM), EUR/USD (2PM), EUR/JPY (2PM), EUR/USD (2PM), US 500 (2PM), US Tech 100 (2PM), Wall Street 30 (2PM), USD/CHF (3PM), US 500 (4PM), US SmallCap 2000 (4PM), US Tech 100 (4PM), and Wall Street 30 (4PM) Binary contracts on June 16, 2016. Finally, due to volatility in the underlying markets upon which the Nadex contracts are based, Nadex increased the number of available Intraday 5-Minute Currency contracts on June 16 and 17, 2016. Due to the significant number of strikes generated (1,021 on June 16 and on June 17), a description of those added strikes has been included in Appendix A, however, individual contracts have not been named. The specific contracts will be listed in the Daily Bulletin, and are also available upon request.

Additionally, strike widths were adjusted for three contracts on June 16, 2016. Beginning with the 10:20am expiration Intraday 5-Minute GBP/USD Binary contact, the width increased from 0.0003 to 0.0006, and remained at this width through the close of business on June 17, 2016. Beginning with the 12:00pm expiration Intraday 2-Hour GBP/JPY Binary contract, the width increased from 0.10 to 0.20 and remained at this width through the close of business on June 17, 2016. Finally, beginning with the 2:00pm expiration Intraday 2-Hour GBP/USD Binary contract, the width increased from 0.001 to 0.002 and remained at this width through the close of business on June 17, 2016.

Due to the UK EU Membership Referendum which will occur on June 23, 2016, Nadex anticipates greater than usual volatility in its markets, as well as in the underlying markets upon which the Nadex

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

contracts are based, and will adjust its contracts accordingly. Changes may include additional strike levels, widening of the bid/offer spread, or refraining from listing certain contracts. All changes will be provided in a Weekly Notification of Rule Amendments.

Additional strikes are attached hereto in Exhibit A.

Nadex hereby certifies that the additions and amendments contained herein comply with the Act, as amended, and the Commission Regulations adopted thereunder. No substantive opposing views were expressed to Nadex with respect to these additions. Nadex hereby certifies that notice of these events was posted on its website at the time of this filing.

Should you have any questions regarding the above, please do not hesitate to contact me by telephone at (312) 884-0927 or by email at [jaime.walsh@nadex.com](mailto:jaime.walsh@nadex.com).

Sincerely,

Jaime M. Walsh, Legal Counsel
