Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <political party> win <above/below/between> <percent> of <constituency> in the 2024 U.S. presidential election?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <political party> win <above/below/between> <percent> of <constituency> in the 2024 U.S. presidential election?” contract (Contract). The Contract will initially be listed on **November 1, 2024**. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<political party>** (the target party)
- **<constituency>** (the target group of voters)
- **<count>** (the target vote share)
- **<above/below/between>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile
Head of Markets

October 31, 2024

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Will <political party> win <above/below/between> <percent> of <constituency> in the 2024 U.S. presidential election?” Contract is a contract relating to the major exit polls conducted and published by Edison Research.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices B, C, and D.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.12 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.6 of the Rulebook. Fees, if they are charged, are charged in such amounts as

may be revised from time to time to be reflected on the Exchange's Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- The Contract complies with the Act and Commission regulations thereunder.
- This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

**Official Product Name: “Will <political party> win <above/below/between> <percent> of
<constituency> in the 2024 U.S. presidential election?”**

Rulebook: EXITPOLLSHARE

EXITPOLLSHARE

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the estimated vote share (the percent of the constituency polled that voted for the party) for <political party> of <constituency> across the United States according to the estimates from National Election Pool exit poll for the 2024 U.S. Presidential election conducted by Edison Research. This will be checked on November 10, 2024, at 10:00 AM ET. If data is not available for a given constituency, then it will be checked everyday thereafter until November 20, 2024. If Edison Research does not post the results on their site, then the following publications will be used to source the research in order of preference: CNN, CBS, The New York Times, NBC, the Washington Post, and the Associated Press. The data will be used even if it has been modified after election day. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agency is Edison Research

Type: The type of Contract is an Event Contract.

Issuance: The Contract will be issued once.

<political party>: Kalshi may list iterations of the Contract with <political party> values that refer to an American political party. Kalshi will initially list iterations of the Contract with “The Democratic Party” and “The Republican Party” as <political party> values. “Independent” may also be a value of <political party>; if the value of <political party> is “Independent”, then the individual in question will be specified. If the individual announces they have changed party between the election and being sworn in, the market will resolve based on the party they were a part of on election day.

<constituency>: <constituency> refers to a particular group of voters. This may include but is not limited to: men, women, college graduates, men and women of certain ethnicities, men and women of certain marital status, and men and women of varying sexual orientation.

<percent>: Kalshi may list iterations of the Contract with <percent> levels that fall within an inclusive range between a maximum value of 100.00 and a minimum value of 0.00 at consecutive increments of 0.01. Due to the potential for variability in the Underlying, the Exchange may modify <percent> levels in response to suggestions by Members.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <political party> has won a vote share in <constituency> of <above/below/between> <percent>.

Minimum Tick: The Minimum Tick size for the referred Contract shall be \$0.01.

Position Limit: The Position Limit for the \$1 referred Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration Time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The Expiration Date of the Contract shall be the sooner of the date of the first 10:00 AM ET beginning with November 10, 2024 that data is available or November 20, 2024.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(c) of the Rulebook.
