

CFTC Letter No. 02-46**April 15, 2002****Exemption****Division of Trading and Markets**

Dear Ms. X:

This is in response to your letter dated March 22, 2002 to the Division of Trading and Markets (“Division”) of the Commodity Futures Trading Commission (“CFTC”), filed on behalf of X Corporation, the commodity pool operator (“CPO”) for Y. and Z Ltd. (the “Funds”). Your letter was intended to claim an extension of time to file the Pool’s unaudited 2001 Annual Report.

X operates the Funds pursuant to the exemption available under Commission Rule 4.7.^[1] Rule 4.7 requires that an Annual Report containing certain financial information be distributed to pool participants and filed with the CFTC within 90 days after the end of the pool’s fiscal year. While Rule 4.7 permits the CPO to distribute an unaudited financial report, many CPOs for 4.7 pools choose to distribute audited financial reports. Rule 4.22(f)(2) allows a CPO to claim an extension of that time in the event that the CPO “cannot obtain information necessary to prepare *certified financial statements* for a pool that it operates within [90 days] as a result of the pool investing in another collective investment vehicle,” subject to certain conditions.^[2] (emphasis supplied). Among those conditions is that the CPO represent that it has been “informed by the certified public accountant selected to *audit the commodity pool’s financial statements* that specified information establishing the value of the Investments is *necessary in order for the accountant to render an opinion on the commodity pool’s financial statements.*”^[3]

You have represented that X does not intend to have its 2001 annual reports certified. As a consequence of the Funds’ annual reports not being certified, the CPO does not qualify for the extension under Rule 4.22(f)(2). Notwithstanding this fact, it is necessary to provide you with sufficient time to prepare the annual report for this year. For this reason, the Division has determined granting an extension until May 30 is neither contrary to the purposes of Rule 4.7 nor to the public interest. The CPO is granted an extension until May 30, 2002 to file the unaudited Annual Report for the Funds for the fiscal year ending December 31, 2001. This extension is

granted for this year only. In the future, the annual reports may be filed within the extended time provided by Rule 4.22(f)(2) only if the CPO meets the qualifications necessary to file a claim for extension pursuant to Rule 4.22(f)(2). Otherwise, the annual reports must be filed within 90 days after the end of the Funds’ fiscal year, as required by Rule 4.7.

This exemption applies solely with respect to the extension of time to file the 2001 annual report and shall not excuse X or the Funds from compliance with any other applicable requirements or prohibitions contained in the Commodity Exchange Act or in the Commission’s regulations issued thereunder.

Very truly yours,
