COMMODITY FUTURES TRADING COMMISSION,

Plaintiff,

DAVID GILBERT SAFFRON a/k/a DAVID GILBERT and CIRCLE SOCIETY, CORP.,

Defendants.

Case No.

2:19-cv-01697-KJD-DJA

COMPLAINT FOR INJUNCTIVE RELIEF, RESTITUTION, DISGORGEMENT AND CIVIL MONETARY PENALTIES UNDER THE **COMMODITY EXCHANGE ACT**

Plaintiff, Commodity Futures Trading Commission ("CFTC" or "Commission"), by and through its attorneys, alleges as follows:

I. **SUMMARY**

- 1. From at least December 2017 through the present (the "Relevant Period"), David Gilbert Saffron a/k/a David Gilbert ("Saffron"), has engaged in a fraudulent scheme to solicit Bitcoin and United States Dollars ("USD") from members of the public to participate in a pooled investment vehicle ("commodity pool" or "Pool") for trading commodity interests, including trading binary options contracts on foreign currency ("forex") and cryptocurrency pairs.
- 2. During the early stages of his activity, Saffron individually created a business entity, Circle Society, Corp. ("Circle Society"), on or about September 6, 2018, and used this entity to perpetuate his fraud. Beginning on or about September 6, 2018 through the present,

Saffron, individually and as principal and agent of Circle Society (collectively, "Defendants"), has fraudulently solicited members of the public to participate in a commodity pool operated by Circle Society.

- 3. During the Relevant Period, Saffron, and from September 6, 2018 through the present, Defendants, by and through Saffron, have accepted at least \$11 million worth of Bitcoin and USD (Bitcoin, together with USD, "funds") from no fewer than fourteen members of the public to participate in their unregistered commodity pool, which Defendants referred to as the "System" or as one of the purported Circle Society investment plans. Rather than using pool participants' funds to trade in binary options contracts as promised, Defendants have misappropriated participants' funds (including by retaining participants' funds in Saffron's personal E-Wallet and by using funds to pay other participants) and lied to participants in order to conceal Defendants' misappropriation.
- 4. In furtherance of their fraudulent scheme, Defendants have made material omissions and misrepresentations in solicitations to actual and prospective pool participants, including misrepresenting Saffron's experience and track record and misrepresenting that pool participants' funds would be pooled and invested in, among other things, binary options trading for the benefit of participants.
- 5. Contrary to Defendants' representations, Defendants have misappropriated certain pool participants' funds by soliciting funds for trading and then retaining such funds in Saffron's personal E-Wallet instead of using them to trade on behalf of the Pool as promised. Defendants did not conduct trading on behalf of participants as promised. Defendants also misappropriated some portions of participants' funds by providing Bitcoin to earlier-in-time participants using the Bitcoin of later-in-time participants to perpetuate their fraud, in the nature of a "Ponzi" scheme.

- 6. Saffron acted and continues to act at all times during the Relevant Period as a commodity pool operator ("CPO") without being registered with the CFTC, as required by the Commodity Exchange Act ("Act"). From September 6, 2018 through the present, Circle Society acted and continues to act as a CPO without being registered with the CFTC, and Saffron acted and continues to act as an associated person ("AP") of CPO Circle Society without being registered with the CFTC, as required by the Act.
- 7. By this conduct, and the conduct further described herein, Defendants have engaged, are engaging and/or are about to engage in acts and practices in violation of Sections 4c(b), 4k(2), 4m(1), and 4o(1)(A)-(B) of the Act, 7 U.S.C. §§ 6c(b), 6k(2), 6m(1), 6o(1)(A)-(B) (2012), and CFTC Regulations ("Regulation(s)") 4.20(a)(1), (b) and (c), and 32.4, 17 C.F.R. §§ 4.20(a)(1), (b), (c), and 32.4 (2019).
- 8. The acts and omissions described herein have all been done by Saffron in the scope of his employment or office at Circle Society during the September 6, 2018 through the present timeframe. Therefore, Circle Society is liable for all acts and omissions described herein, pursuant to Section 2(a)(1)(B) of the Act, 7 U.S.C. § 2(a)(1)(B) (2012), and Regulation 1.2, 17 C.F.R. § 1.2 (2019).
- 9. Saffron was a controlling person of Circle Society and did not act in good faith or knowingly induced Circle Society's violations of the Act and Regulations described herein during the September 6, 2018 through the present timeframe. Therefore, Saffron is liable for Circle Society's violations of the Act and Regulations, pursuant to Section 13(b) of the Act, 7 U.S.C. § 13c(b) (2012).
- 10. Accordingly, pursuant to Section 6c of the Act, 7 U.S.C. § 13a-1 (2012), the CFTC brings this action to enjoin Defendants' unlawful acts and practices and to compel their

compliance with the Act and the Regulations promulgated thereunder. In addition, the CFTC seeks civil monetary penalties and remedial ancillary relief, including, but not limited to, trading and registration bans, restitution, disgorgement, rescission, pre- and post-judgment interest, and such other and further relief as the Court deems necessary and appropriate.

11. Unless restrained and enjoined by this Court, Defendants will likely continue to engage in acts and practices alleged in this Complaint and similar acts and practices, as described below.

II. JURISDICTION AND VENUE

- 12. This Court possesses jurisdiction over this action pursuant to 28 U.S.C. § 1331 (2012) (codifying federal question jurisdiction) and 28 U.S.C. § 1345 (2012) (providing that U.S. district courts have original jurisdiction over civil actions commenced by the United States or by any agency expressly authorized to sue by act of Congress). In addition, Section 6c of the Act, 7 U.S.C. § 13a-1 (2012), provides that U.S. district courts possess jurisdiction to hear actions brought by the CFTC for injunctive relief or to enforce compliance with the Act whenever it shall appear that such person has engaged, is engaging, or is about to engage in any act or practice constituting a violation of any provision of the Act or any rule, regulation, or order thereunder.
- 13. Venue lies properly with this Court pursuant to Section 6c(e) of the Act, 7 U.S.C. § 13a-1(e) (2012), because Defendants resided and transacted business in this District, and certain transactions, acts, practices, and courses of business alleged in this Complaint occurred, are occurring, or are about to occur in this District.

V. FACTS

A. The Fraudulent Scheme

22. During the Relevant Period, Saffron, and from September 6, 2018 through the present, Defendants, by and through Saffron, solicited at least \$11 million worth of funds from no fewer than fourteen participants for the purpose of participating in a commodity pool, which purportedly traded binary options contracts on forex and cryptocurrency pairs, among other things. Defendants knowingly and falsely represented to actual and prospective pool participants that Saffron was an experienced trader producing consistent, high rates of return, including for well-known investors such as Mark Cuban.

- 23. Saffron used various business entities and trade names, including "Bitcoin Wealth Management," "Omnicron Trust" (or alternatively, "Omicron Trust"), and "Circle Society" to perpetuate his fraud. Defendants solicited and continue to solicit actual and prospective participants through in-person meetings, word-of-mouth, instant messaging services such as Telegram, podcasts, and websites operated by Saffron including https://circlesociety.com.
- 24. In a January 2018 video recording of Saffron's presentation to actual and prospective participants, Saffron performed a hypothetical trading demonstration on a laptop computer using a "BinBot Pro" trading platform and stated in pertinent part:

The more bots I have running, the more money it is for the bank. Literally, it's like printing money. Every thirty seconds, you're making on average anywhere between 1 and 400 flat [currency], or you're making 1 and 400 Bitcoin.

- 25. Saffron claimed in his solicitations to actual and prospective participants that he used "BinBot Pro" to trade forex and cryptocurrency options pairs. In his solicitations, Saffron failed to advise actual and prospective customers that "BinBot Pro" is a forex and cryptocurrency trading platform, and that it is unlawful to use it in the United States. Saffron failed to advise actual and prospective customers that the "BinBot Pro" website contains a disclaimer stating in relevant part: "BinBot Pro nor its agents or partners are not registered and do not provide any services on the US territory [sic]."
- 26. Similarly, in a January 2018 audio recording of another presentation to actual and prospective participants, Saffron stated in pertinent part:

The System basically is any money you put in, within seven calendar days—seven days from when you put it in—you get your outlay back. So whatever you put in, you get your outlay back, fourteen days after that you get two-to-one on your money. Okay, so you're getting three-to-one on whatever position you have; it can go from one Bitcoin all the way to 10,000 Bitcoin, whatever it is. And I deal with all ranges.

My personal portfolio as you've seen has over \$717 million . . . company

portfolio is about \$2 billion. My liquid outlay per day is anywhere between \$2 million and \$5 million . . . I know who to call, and I just know how to do things, but I don't know this town yet because I'm integrated in Los Angeles. So you guys know this town. Perfect. Now I can make you all damn rich.

Test the System out at first; I'll give you a three-day outlay return, just to show you it works. So three days, you'll have your full return, outlay and two-to-one. Any money you give me, half a Bitcoin, \$1,000, \$2,000, \$500 whatever you have I will triple it in three days and hand it back to you. Then, you can go to your people and go, 'this works.' Any person you bring to me, I'll give you one-to-one on whatever they put in. So you bring someone who has three Bitcoin, he puts three Bitcoin in, fourteen days and then seven-day outlay return, and then another fourteen days, seven days on that outlay return, he gets his money, you get yours. Okay? Very simple.

[Question by Prospective Participant]: How . . . you're probably overwhelmed with people bringing you clients at this point?

[Saffron's Answer]: Yes, I am. I don't want a client list from you. You're going to deal with the clients, okay. A client comes to you and goes, 'how the f**k do I get in this?' I want fifty Bitcoins to go to this guy. Okay. You go, 'I've got Jim who is putting in fifty Bitcoins.' I set up a wallet for Jim, send you a wallet address. He can check it on the computer its zero transactions. It's his personal wallet. He puts in the fifty Bitcoin. I send you a contract back, it says fifty Bitcoin received 12:04 pm. Fifty Bitcoin would be deposited back into wallet address on Friday, whatever date and fifty Bitcoin will be given to you as your commission. It's one-to-one. So understand the concept of that, okay that's money, millions within a month.

- 27. As noted above in the January 2018 audio recording, Saffron falsely guaranteed actual and prospective participants a return of three hundred percent (300%) on their investment in three weeks. On an annualized, compounded basis, this equals a rate of return on investment in excess of 186 million percent (186,000,000%).
- 28. To induce actual and prospective participants to give Defendants their assets to purportedly pool and trade on their behalf, Defendants encouraged participants to recommend and refer others to participate in the fraudulent scheme. Defendants sometimes promised actual and prospective participants a "referral fee" of one Bitcoin for every Bitcoin they induced their friends and acquaintances to invest. At other times, Defendants promised actual and prospective

participants a "referral fee" equal to twenty percent (20%) of the assets invested by their friends and acquaintances.

- 29. Most recently, Defendants have solicited participants through the Circle Society website, https://circlesociety.com ("Website"). Through the Website, Defendants offer participants various investment plans such as "Weekly BTC," "Year of the Pig," and "The Power of 3." The plans vary by amount required to be invested and guarantee rates of return within a specified time period. For example, the Website states that "The Power of 3" provides "Returns 300% in 45 days! business days" and "Year of the Pig" provides "Returns 188% in 38 days! business days."
- 30. Through the Circle Society website, participants can transfer their Bitcoin to Circle Society from the participants' own cryptocurrency wallets. Participants who deposit Bitcoin through the Website are able to log into the Website to view their purported account balance with Circle Society, denominated in Bitcoin.
- 31. At Defendants' instruction, pool participants provided at least \$11 million in funds to Defendants via a Bitcoin wallet address controlled by Saffron and/or through the Circle Society website. Some participants also provided USD to Saffron directly.
- 32. Defendants misappropriated pool participants' funds by soliciting funds for trading on behalf of the Pool and then holding participants' funds in Saffron's personal E-Wallet instead of segregating the funds in a pool account and using the funds to trade on behalf of the Pool.
- 33. At no time did Defendants create or operate the Pool as an entity cognizable as a legal entity separate from the pool operator. As a result, at no time were any funds from pool participants received in the Pool's name because a separate pool was never created.

34. During the Relevant Period, Saffron, and from September 6, 2018 through the present, Defendants, by and through Saffron, failed to maintain pool funds separately from Saffron's own funds. Defendants commingled pool participants' funds with personal funds of Saffron. As described above, pool participants deposited funds into a Bitcoin wallet address controlled by Saffron and/or through the Circle Society website. Defendants then held these funds in Saffron's personal E-Wallet instead of segregating them in a pool account.

B. Material Omissions and Misrepresentations of Material Facts

- 35. In furtherance of the fraudulent scheme, Defendants knowingly made and continue to make material omissions of fact in solicitations and other communications with actual and prospective pool participants, including by failing to disclose that:
 - a. Defendants misappropriated pool participants' funds by soliciting funds for trading and then retaining participants' funds in Saffron's personal E-Wallet instead of segregating the funds in a pool account and using the funds to trade on behalf of the Pool;
 - b. Defendants were not registered with the CFTC as required by the Act and were therefore operating an unlawful business enterprise; and
 - c. Purported "returns" paid to some pool participants were in fact the principal deposits of other participants and were not generated by profitable trading.
- 36. Similarly, Defendants misrepresented and continue to misrepresent material facts in their solicitations and other communications with actual and prospective pool participants, including by mispresenting that:
 - a. Pool participants' funds would be pooled and used to trade binary options contracts,
 among other things, for the benefit of participants;

- b. Guaranteed profits would be paid to participants (e.g., up to a 300% return every three weeks); and
- c. Guaranteed referral fees would be paid to participants in the amount of one Bitcoin for every Bitcoin and/or equal to twenty percent (20%) of the assets invested by their friends and acquaintances.

C. Defendants' Misappropriation and Refusal to Return Participants' Funds

- 37. As described above, Defendants misappropriated participants' funds by soliciting funds for trading and then holding participants' funds in Saffron's personal E-Wallet instead of segregating the funds in a pool account and using them for trading on behalf of the Pool.

 Defendants did not disclose to actual and prospective participants that they misappropriated and used their funds for Saffron's personal use.
- 38. The Bitcoin tendered by participants to Defendants were held in Saffron's personal E-Wallet and were never placed in any cryptocurrency or other trading accounts for the benefit of the Pool. Similarly, at least some of the USD tendered by participants to Defendants were converted to Saffron's personal use and not placed in any cryptocurrency or other trading accounts for the benefit of the Pool.
- 39. Defendants did not use the funds solicited and accepted from participants to trade on behalf of the Pool as promised.
- 40. Defendants also misappropriated some portions of participants' funds by providing Bitcoin to certain participants as purported trading "profits," in order to create the illusion that the Pool was trading, and trading profitably. For example, in early-January 2018, one participant provided Saffron with ten Bitcoin (worth approximately \$150,000 at the time), and Saffron returned thirty Bitcoin (worth approximately \$450,000 at the time) to this participant

representations are false.

D. Failure to Register

as purported "profits" within twenty-four hours. This participant then touted these results to induce other members of the public to invest with Saffron.

- 41. Other pool participants made and continue to make repeated demands on Defendants for the return of their funds. None of the participants received any "profits" within three weeks or at any other time. The majority of participants have been unable to obtain a return of any of their funds.
- 42. Defendants attempted to perpetuate the fraud and conceal their misappropriation of participants' funds by making false statements to participants. Saffron made and continues to make, individually and as the agent of Circle Society, numerous representations to participants as to why Defendants are not paying profits as promised, including but not limited to: (a) computer shutdowns due to "solar flares"; (b) withdrawal delays at various cryptocurrency exchanges; and (c) transactions being "jammed up" or "frozen in cycle." Upon information and belief, these representations are false.
- 43. During the Relevant Period, Saffron acted and continues to act in a capacity as a CPO by soliciting, accepting, and receiving funds from the public while engaged in a business that is of the nature of an investment trust, syndicate, or similar form of enterprise, for the purpose of, among other things, trading in commodity futures, without being registered with the CFTC as a CPO.
- 44. From September 6, 2018 through the present, Circle Society acted and continues to act in a capacity as a CPO by soliciting, accepting, and receiving funds from the public while engaged in a business that is of the nature of an investment trust, syndicate, or similar form of enterprise, for the purpose of, among other things, trading in commodity futures, without being

registered with the CFTC as a CPO.

45. From September 6, 2018 through the present, Saffron acted and continues to act in a capacity as an AP of Circle Society by, in his capacity as a partner, officer, employee, consultant or agent of the CPO (Circle Society), soliciting or supervising the solicitation of funds for participation in the Pool, without being registered with the CFTC as an AP of a CPO.
