About the 2022 OPM FEVS

The 2022 OPM Federal Employee Viewpoint Survey (OPM FEVS) Small Agency Management Report (SAM) was designed to provide an overview of survey results, enabling agencies to easily identify issues and take action for improvement. The SAM can be helpful in providing a starting point for analysis of your agency's OPM FEVS results, acting as an agency overview before drilling down into specific components of the agency for a more in-depth analysis. This report also highlights important agency successes, which should be acknowledged. We encourage you to share both successes and areas for improvement with employees.

Changes to the 2022 Survey

The OPM FEVS was updated in 2022 to be as responsive as possible to changing conditions that could impact employees and agencies. As agencies evolve their responses to the pandemic, many employees continue to work from the central worksite while others are returning after engaging in maximum telework. In recognition, several questions were added to address ongoing responses to the pandemic and return to the worksite. In order to address government priorities, content aligned with the Executive Order on Diversity, Equity, Inclusion, and Accessibility (DEIA) was also included in the 2022 survey after being tested in the 2021 survey. These new content areas as well as others highlight current priorities and initiatives across government.

Understanding Your Results

When reviewing results, keep the guidelines below in mind. These guidelines were created to organize survey results in a way that is easier to digest and interpret.

- Percent Positive is the sum of two positive categories (e.g., Strongly Agree/Agree)
- Percent Negative is the sum of two negative categories (e.g., Strongly Disagree/Disagree)
- Percent Neutral is the neutral category (e.g., Neither Agree nor Disagree)

Identifying Strengths, Challenges and Neutral Findings

- 65 percent positive or higher is considered a strength
- 35 percent negative or higher is considered a challenge
- **30 percent neutral or higher** suggests uncertainty, presenting an opportunity for communication between managers and staff

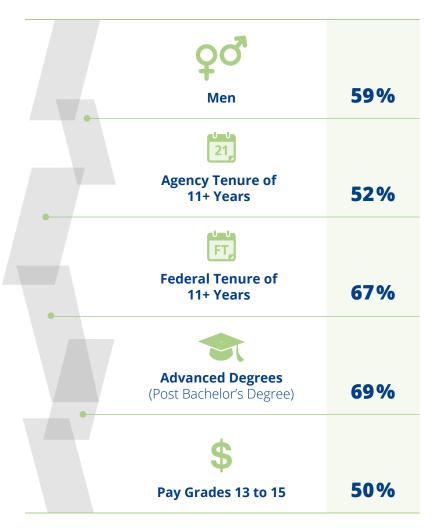

Identifying Increases and Decreases

Movement up or down since the previous year is another important piece of information to consider when examining your results. Any increase or decrease in results can be important; however larger increases or decreases (generally 3 or more percentage points) may be a result of significant changes taking place within your agency and should be explored. Increases indicate positive change that should continue to be reinforced. Decreases, especially in areas considered mission critical, may call for appropriate action to initiate and support beneficial workplace improvements. The Decision Aid section of this report only includes 44 core items (items 1-8, 14, 16, 18-22, 35-37, 43-50, 52, 55-61, 65-70, 96-99) that carried over from the 2021 OPM FEVS.

Respondent Overview

The Unique Characteristics of Commodity Futures Trading Commission Respondents

The figures below provide a snapshot of your survey participants. The most frequently selected response choice for each demographic item is displayed. Please be aware that these results are based on survey respondents, which may differ from the characteristics of the total employee population of your agency.

Note: Results are suppressed when any single personal demographic category has fewer than 4 responses.

Employee Engagement Index

The Employee Engagement Index (EEI) measures aspects of engagement that lead to an engaged workforce (e.g., supporting employee development, communicating agency goals). The EEI is comprised of three subindices: Leaders Lead, Supervisors, and Intrinsic Work Experience. Each subindex is assessed through questions on the OPM FEVS as listed below.

Leaders Lead

Reflects the employees' perceptions of the integrity of leadership, as well as leadership behaviors such as communication and workforce motivation. (Q. 55, 56, 57, 59, and 60)

Supervisors

Reflects the interpersonal relationship between worker and supervisor, including trust, respect, and support. (Q. 46, 48, 49, 50, and 52)

Intrinsic Work Experience

Reflects the employees' feelings of motivation and competency relating to their roles in the workplace. (Q. 2, 3, 4, 6, and 7)

Global Satisfaction Index

The Global Satisfaction Index is a combination of employees' satisfaction with their jobs, their pay, and their organization, plus their willingness to recommend their organization as a good place to work. The Global Satisfaction Index is an average of the scores of the four items below:

Job Satisfaction

Considering everything, how satisfied are you with your job? (Q. 68)

Pay Satisfaction

Considering everything, how satisfied are you with your pay? (Q. 69)

Organizational Satisfaction

Considering everything, how satisfied are you with your organization? (Q. 70)

Recommend Organization

I recommend my organization as a good place to work. (Q. 43)

Performance Confidence Index

The Performance Confidence Index is a combination of items assessing employees' perception of their work unit's ability to achieve goals and produce work at a high level, or workplace effectiveness. The Performance Confidence Index is an average of the responses for the four items below:

Met Needs of Customers

Employees in my work unit meet the needs of our customers. (Q. 19)

Contributed Positively to Agency Performance

Employees in my work unit contribute positively to my agency's performance. (Q. 20)

Produced High Quality Work

Employees in my work unit produce high-quality work. (Q. 21)

Adapted to Changing Priorities

Employees in my work unit adapt to changing priorities. (Q. 22)

Diversity, Equity, Inclusion, and Accessibility (DEIA) Index

To align with government priorities and current research, OPM has developed the new DEIA Index for the 2022 OPM FEVS. This measure was specifically designed to align with Executive Order 14035 which features four distinct factors: diversity, equity, inclusion, and accessibility, included as subindices in the survey.

Diversity

The practice of including the many communities, identities, races, ethnicities, backgrounds, abilities, cultures, and beliefs of the American people, including underserved communities. (Q. 71 and 72)

Equity

The consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment. (Q. 73, 74, and 75)

Inclusion

The recognition, appreciation, and use of the talents and skills of employees of all backgrounds. (Q. 77, 78, 79, 80, and 81)

Accessibility

The design, construction, development, and maintenance of facilities, information and communication technology, programs, and services so that all people, including people with disabilities, can fully and independently use them. (Q. 82, 83, and 84)

Decision Aid: Increases

Identifying Increases Since 2021

The items in this section are sorted by greatest to smallest increase in percent positive results. The items are sorted to allow you to quickly and easily identify where your agency has made the greatest improvements since last year.

Using the Legend Icons

The legend icons provide context for interpreting these results. While these items have improved, some may still be considered challenges (35% or more negative) or others may have reached the 65% or more positive mark and become new strengths this year. The "Top Pos/Neg" icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

12 Items Increased Since 2021

Decision Aid: Decreases

Identifying Decreases Since 2021

The items in this section are sorted by greatest to smallest decrease in percent positive results. The items are sorted to allow you to quickly and easily identify where results have dropped since last year.

Using the Legend Icons

The legend icons provide context for interpreting these results. When identifying the most critical decreases to focus on, it is important to check if these decreases are also identified as challenges (35% or more negative) or if they were previously identified as strengths that have fallen below the 65% or more positive threshold. The "Top Pos/Neg" icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

Supervisors in my work unit support employee development. (Q. 46)	82	81	8	10	-1

Decision Aid: No Change

Identifying Items That Have Not Changed Since 2021

Your percent positive results for these items have not changed since last year. These are items that your agency is maintaining, which can be either a positive, neutral, or negative finding. For example, an item with low percent positive results over several years is a strong indication of a need for focused action. You may also want to consider changing or updating your approach to addressing these issues if the item has been the focus of attention in the past. On the other hand, a trend of stable, high percent positive results is a finding that should be celebrated. Review each item carefully to determine whether there may be areas of concern for your agency.

Using the Legend Icons

The legend icons provide context for interpreting results. While these items have not increased or decreased, they still may be causes for celebration or concern depending on the percent positive, negative, and neutral results. The "Top Pos/Neg" icons highlight where an item is either in the top 10 positive items or top 10 negative items for your agency.

2 Items Did Not Change Since 2021

	O Strength These items are 65 percent positive or higher	O caution These items are 30 percent neutral or higher	0	Challenge These items are 35 percent negative or higher	+/-	Top Po These it are in yo positive or top n	ems our top		
ltem					2021 Positive	2022 Positive	2022 Neutral	2022 Negative	Change Since 2021
l am giv	en a real opportunity to	o improve my skills in m	ny orga	nization. (Q. 1)	65	65	17	18	0
My work gives me a feeling of personal accomplishment. (Q. 3)			73	73	14	13	0		

Note: Only items that can be trended were included in the Decision Aid. For a full listing of item numbers, see 'Identifying Increases and Decreases' on Page 1.

Appendix A: Item Results and Benchmarks

For each item, your agency's percent positive results are shown on a 0 to 100 scale, with the triangular arrow indicating where your agency falls. The gray bars represent the range of scores for the 41 small agencies surveyed that had 10 or more respondents.

To understand how well your agency performed compared to others, focus on the location of the triangle within the gray bar. If the triangle is toward the right side of the bar, then your agency was above average on that item. If it is at the right edge of the bar, then you had the highest percent positive results for that item. Additionally, you can numerically compare your percent positive results to the combined small agency average listed to the right of each item.

ltem		2022 Small Agencies, Combined
 I am given a real opportunity to improve my skills in my organization. 	65%	74%
 I feel encouraged to come up with new and better ways of doing things. 	63%	70%

Appendix E: Additional OPM FEVS Resources

Other Reports

Governmentwide Management Report

This report provides an overview of the governmentwide results. The report includes item results, index scores, information on who responded to the survey, survey updates, and other special topics.

All Levels, All Indices, All Items Report

The purpose of this report is to provide a comprehensive summary of all OPM FEVS items and index scores for subagencies with at least 10 respondents in a Microsoft[®] Excel[®] spreadsheet.

Subagency Comparison Report

This report provides the results of all the offices that report to the same "parent" office. This report is only created when there are two or more sub-offices that both have at least 10 responses. Note: Subagency reports are only available for agencies that included organizational breakouts in 2022.

Subagency Breakout Report

This report displays survey results for a single office so long as it has at least 10 responses. Note: Subagency reports are only available for agencies that included organizational breakouts in 2022.

Occupational Series Reports

This report allows for the comparison of occupational series and families at the agency and first level.

Demographic Comparison Reports

This report allows for the comparison of demographic subgroups at the agency level.

Annual Employee Survey (AES) Report

This report is a Microsoft[®] Excel[®] spreadsheet with a breakdown of agency and first level results. It also includes trends from previous OPM FEVS administrations.

Websites

OPM FEVS website

Agencies and the general public can access governmentwide data reports, as well as special topic reports produced from the OPM FEVS. This website includes results from the 2004 administration of the survey to the present. Access the OPM FEVS website at <u>www.opm.gov/FEVS</u>.

Public Release Data File (PRDF)

A public use data set is available for the OPM FEVS and can be requested by completing the form available at: <u>www.opm.gov/fevs/public-data-file</u>. Note: The 2022 PRDF will be available in the spring of 2023.

FedScope

OPM's FedScope is an online publicly available tool which allows users to access and analyze HR data from OPM's Enterprise Human Resources Integration (EHRI). Access this site using the following link: www.fedscope.opm.gov.

OPM FEVS Online Reporting and Analysis Tool

A password protected tool for agency points of contact to access agency-specific and governmentwide reports. In addition, agency users can develop customized reports that may be useful for data analysis and action planning. Questions and feedback for this online tool can be sent to EVS@opm.gov.

United States Office of Personnel Management Office of Strategy and Innovation

> 1900 E Street, NW Washington, DC 20415
