**Burden Statement:** Provisions of CFTC Regulations 45.2, 45.3, 45.4, 45.5, 45.6, 45.10, and 45.14 result in information collection requirements within the meaning of the PRA. **Title:** Rule 50.50 End-User Notification of Non-Cleared Swap (OMB Control No. 3038-0085). This is a request for an extension of a currently approved information collection.

**Abstract:** CFTC Rule 50.50 specifies the requirements for eligible end-users who may elect the end-user exception from the Commission’s swap clearing requirement, as provided under section 2(h)(7) of the Commodity Exchange Act (“CEA”). Rule 50.50 requires the counterparties to report certain information to a swap data repository registered with the Commission, or to the Commission directly, if one or more counterparties elects the end-user exception. The rule establishes a reporting requirement for end-users that is critical to ensuring compliance with the Commission’s clearing requirement under section 2(h)(1) of the CEA and is necessary in order for Commission staff to prevent abuse of the end-user exception. In addition, this collection relates to information that the Commission needs to monitor elections of the end-user exception and to assess market risks.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.<sup>2</sup> On August 18, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 50849 (“60-Day Notice”). #### SUPPLEMENTARY INFORMATION:

**Title:** Swap Documentation (OMB Control No. 3038–0088).<sup>1</sup> This is a

<sup>1</sup> The collections of information under OMB control numbers 3038–0068, 3038–0083, and 3038–0088 are now consolidated under OMB control number 3038–0088, and OMB control numbers 3038–0068 and 3038–0083 have been withdrawn as of July 5, 2022. Concurrently with this change, the Commission has changed the name associated with OMB control number 3038–0088 to “Swap Documentation.” While the collection has been extended until June 30, 2025, this 30-day notice

request to revise a currently approved information collection.

**Abstract:** On September 11, 2012, the Commission adopted Commission Regulations 23.500 through 23.505<sup>2</sup> (the “Regulations”) under Sections 4s(f), (g) and (i)<sup>3</sup> of the Commodity Exchange Act (“CEA”). The Regulations require, among other things, that swap dealers (“SDs”)<sup>4</sup> and major swap participants (“MSPs”)<sup>5</sup> develop and retain written swap trading relationship documentation. They also establish requirements for SDs and MSPs regarding swap confirmation, portfolio reconciliation, and portfolio compression. Under the Regulations, SDs and MSPs are obligated to maintain records of the policies and procedures required by the rules.<sup>6</sup>

Confirmation, portfolio reconciliation, and portfolio compression are important post-trade processing mechanisms for reducing risk and improving operational efficiency. The information collection obligations imposed by the Regulations are necessary to ensure that each SD and MSP maintains the required records of their business activities and an audit trail sufficient to conduct comprehensive and accurate trade reconstruction. The information collections contained in the Regulations are also essential to ensuring that SDs and MSPs document their swaps, reconcile their swap portfolios to resolve discrepancies and disputes, and wholly or partially terminate some or all of their outstanding swaps through regular portfolio compression exercises. These collections of information are mandatory.

In this particular instance, while the information collection has been extended until June 30, 2025, the Commission is revising its aggregate burden by removing the burden hour estimate on cleared swap recordkeeping, as this subcategory was proposed in 2012 but not finalized by the
