SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (“OMB”) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.¹

Title: Clearing Exemption for Swaps Between Certain Affiliated Entities (OMB Control No. 3038–0104). This is a request for an extension of a currently approved information collection.

Abstract: Section 2(h)(1)(A) of the Commodity Exchange Act requires certain entities to submit for clearing certain swaps if they are required to be cleared by the Commission. Commission regulation 50.52 permits certain affiliated entities to elect not to clear inter-affiliate swaps that otherwise would be required to be cleared, provided that they meet certain conditions. The rule further requires the reporting of certain information if the inter-affiliate exemption from clearing is elected. The Commission will use the information described in this collection and reported pursuant to Commission regulation 50.52 to monitor the use of the inter-affiliate exemption from the Commission’s swap clearing requirement and to assess any potential market risks associated with such exemption.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.²

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection

Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its estimate of the burden for this collection for counterparties to swaps between certain affiliated entities that elect the inter-affiliate exemption under Commission regulation 50.52. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 478.

Estimated Average Burden Hours per Respondent: 1 hour.

Estimated Total Annual Burden Hours: 478 hours.

Frequency of Collection: Annually; on occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

¹ 17 CFR 145.9.

Title: Notification of Pending Legal Proceedings Pursuant to 17 CFR 1.60 (OMB Control Number 3038–0033). This is a request for extension of a currently approved information collection.

Abstract: Rule 1.60 of the Commission’s Part 1 regulations requires every designated contract market (“DCM”) and futures commission merchant (“FCM”) to submit to the Commodity Futures Trading Commission (“Commission”) certain specified information concerning pending legal proceedings to which the DCM or FCM is a party or to which its property is subject. Rule 37.2 of the same part makes the requirement of 1.60 applicable to swap execution facilities (“SEFs”). This renewal updates the total requested burden based on available reported data.

The Commission originally estimated that 101 entities would be affected by this rule. That number was based on the number of active registrants, including 62 FCMs, 18 DCMs, and 21 SEFs.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On September 13, 2024, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 89 FR 74930 (“60-Day Notice”). The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: The respondent burden for this collection is estimated to average 0.25 hours per response, once annually. This estimate includes providing the Commission with notice and copies of specified legal documents.

Estimated Number of Respondents: 101.

Estimated Average Burden Hours per Respondent: 0.25.

Estimated Total Annual Burden Hours: 25.25.

Frequency of Collection: Once annually.

There are no capital costs or operating and maintenance costs associated with this collection.
