Re: ICE NGX Self-Certification of Rule Amendments: Contracting Party Agreement - Submission Pursuant to Section 5c(c)(1) of the Commodity Exchange Act and Commission Regulation 40.6(a) - Addition of New Futures Contracts at White River Hub Delivery Point

Dear Mr. Kirkpatrick:

In accordance with Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and Commodity Futures Trading Commission (“Commission”) Regulation 40.6(a), ICE NGX Canada Inc. (“ICE NGX”) is submitting this self-certification to make amendments (the “Amendments”) to the ICE NGX Contracting Party Agreement (“CPA”). The CPA functions as the rulebook for ICE NGX’s exchange and clearinghouse operations and is a “rule” as that term is defined under Commission Regulation 40.1(i).

1. Overview

Addition of Delivery Points

ICE NGX is making this submission to add four physically-settled natural gas futures contracts in the U.S. natural gas market (the “New Futures Contracts”) with delivery points at White River Hub, and to make certain amendments to the CPA to reflect the New Futures Contracts.

ICE NGX intends to implement the Amendments on March 15, 2024, and to begin offering the New Futures Contracts for trading and clearing on March 18, 2024 (or, in each case, on such later date as ICE NGX may designate).

Terms and Conditions of the New Futures Contracts

The New Futures Contracts are listed below as they will appear in Schedule “D” - ICE NGX Product List to the CPA. The Amendments to Schedule “D” to reflect the New Futures Contracts are included in the Appendix to this submission. ICE NGX will provide the New Futures Contracts to its customers to be settled in accordance with the same terms as ICE NGX’s other U.S. natural gas product offerings.

Product Name	Hub Name	Hub Operator
NG Phys FUT, BS, LD1	White River Hub	MountainWest Pipeline, LLC
NG Phys FUT, FP	White River Hub	MountainWest Pipeline, LLC
NG Phys FUT, ID, GDD	White River Hub	MountainWest Pipeline, LLC
NG Phys FUT, ID, IF	White River Hub	MountainWest Pipeline, LLC

2. Compliance with the Act and Regulations

ICE NGX reviewed the amendments and determined that they comply with the requirements of the Act and the rules and regulations promulgated by the Commission in implementing the Act. In this regard, ICE NGX reviewed the derivatives clearing organizations core principles (“Core Principles”) and determined that the amendments are potentially relevant to the following Core Principles and the applicable regulations of the Commission thereunder.

Compliance (Core Principle C): The amendments are consistent with Core Principle C - Compliance and Commission Regulation 39.10, as the New Futures Contracts meet ICE NGX’s product eligibility standards, developed in accordance with Core Principle C, including, in particular, ICE NGX’s ability to manage the risk associated with the New Futures Contracts.

3. Certifications

ICE NGX hereby certifies that the Amendments discussed in this submission comply with the Act, including the Core Principles and the rules and regulations promulgated by the Commission thereunder. ICE NGX is not aware of opposing views expressed regarding the Amendments. ICE NGX further certifies that, concurrent with this filing, a copy of the submission was posted to ICE NGX’s website.
