**RE: Modifications to the NYMEX Crude and Refined Calendar Spread Options  
Incentive Program  
NYMEX Submission No. 14-041**

Dear Ms. Jurgens:

New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") that it plans to modify its incentive program in support of certain NYMEX energy futures and options contracts ("Program"). The modifications to the Program will become effective on March 3, 2014.

Exhibit 1 sets forth the terms of this Program.

NYMEX reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA and NYMEX market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, NYMEX has implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. The products included in this Program are listed for trading in the open and competitive market. Participants who might meet the criteria for this Program generally perform complex trading strategies that include both on-exchange and off-exchange activities. The set of incentives encompassed by the Program have been developed to increase volume across all NYMEX venues through additional execution of these strategies, ultimately having a positive impact on the price discovery process taking place in the centralized market as the Program is designed to increase liquidity on that venue. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with NYMEX in which each participant will expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program will continue to be subject to the Exchange's record retention policies which comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
