Re: trueEX LLC Rule Amendment Self-Certification Rule 404 (Minimum Financial Requirements), Rule 410 (Protection of Customer Funds and Securities), Rule 541 (Trade Cancellations and Price Adjustments), Removal of date from cover page of Rulebook and addition of Table of Amendments/Revisions to Rulebook after Table of Contents (trueEX LLC submission #2013-03)

Dear Ms. Jurgens:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, (the “Act”) and Commission Regulation 40.6(a), trueEX, LLC (“trueEX” or the “Exchange”) hereby submits to the Commodity Futures Trading Commission (the “Commission”) amendments to the trueEX Rulebook Rule 404, Rule 410, and Rule 541, the removal of the date from the cover page of the rulebook and the addition of Table of Amendments/Revisions to the Rulebook (the “Amendments”). These Amendments will be effective on April 8, 2013.

Summary of Amendments

Rules 404 and 410:

Rules 404 and 410 deal with minimum financial requirements and protection of customer funds. Rule 404 was amended and Rule 410 added at the request of the Division of Market Oversight in conjunction with trueEX’s request to allow intermediated trading.

Rule 541:

Rule 541(a) has been amended to allow trueEX to exercise discretion to cancel trades that are not due to erroneous use of the Trading System or system malfunction. This revision was made primarily in response to concerns of prospective market participants regarding the disposition of a trade executed on trueEX that is rejected for clearing. Because the rule was originally written to allow for trade cancellations to be made due erroneous used of the Trading System or system malfunction, trueEX deemed it necessary to broaden the scope by inserting language to allow trueEX to cancel trades for other reasons. Such language is consistent with other language in the

rule which allows trueEX to cancel a trade if allowing the trade to stand as executed may have a material, adverse effect on the integrity of the market.

Cover Page of Rulebook and insertion of Table of Amendments/Revisions to Rulebook:

For ease of use, trueEX has determined to remove the date of the rulebook from the cover page of the Rulebook and instead track all rulebook changes in a table inserted just after the table of contents.

The amended Rules are consistent with the Act, the Core Principles, and the Commission Regulations thereunder. The Exchange certifies that the amendments and Advisory comply with the Act and the regulations thereunder and that this submission has been concurrently posted on the Exchange's website
