Re: Revised Rule Certification. New York Mercantile Exchange, Inc. Submission #09.48R: Certification of Revision to Submission #09-48 Relating to Change in Effective Date of Expansion of Listed Months for Heating Oil Calendar Spread Option Contract and New York Harbor Gasoline Blendstock (RBOB) Calendar Spread Option Contract Listed on NYMEX Trading Floor and CME ClearPort® Electronic Clearing System and Listing of Previously Omitted Trading Venue CME Globex®

Dear Mr. Stawick:

The New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") is notifying the Commodity Futures Trading Commission ("CFTC" or "Commission") that it is certifying revisions to submission #09-48 previously filed with the Commission on March 24, 2009 relating to the expansion of listed contract months for Heating Oil Calendar Spread Option and New York Harbor Gasoline Blendstock (RBOB) Calendar Spread Option contracts. The effective date of the expansion of listed months for the contracts listed below was originally scheduled for March 26, 2009. This revised submission is intended to modify the effective date to Sunday, March 29, 2009 for trade date Monday, March 30, 2009. A notification to the marketplace containing the original effective date for the expansion of listed months was not issued.

The revised submission also is intended to include CME Globex® as the electronic trading venue on which the above-referenced products are currently listed for trading. This fact was inadvertently omitted from the original submission. As stated in the original certification (#09-48), these products continue to be listed on the NYMEX trading floor and CME ClearPort clearing system.

Pursuant to Section 5c(c) of the Commodity Exchange Act ("Act") and CFTC Rule 40.6, the Exchange hereby certifies the amendment to the effective date for the expansion of listed contract months and the correction to the original submission to include the CME Globex® electronic trading venue, on which these products are currently listed for trading.

Should you have any questions concerning the above, please contact Bob Biolsi at (212) 299-2610 or the undersigned at (202) 638-3838.

Sincerely,
