## RE: Implementation of CBOT Black Sea Wheat Futures Market Making Program. CBOT Submission No. 12-146

Dear Mr. Stawick:

The Board of trade of the City of Chicago, In. ("CBOT" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("Commission") that it plans to implement a market making program in support of Black Sea Wheat ("BSW") futures traded on Globex® ("Program"). The proposed Program will become effective on June 7, 2012.

Exhibit 1 sets forth the terms of this Program.

CBOT business staff responsible for the Program and the CBOT legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodities Exchange Act ("CEA"). During the review, CBOT staff identified the following Core Principles as potentially being impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules and Recordkeeping.

The Program's incentive structure as set forth in the Exhibit below is such that it does not incentivize manipulative trading or market abuse and will not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. CBOT's market regulation staff will continue to monitor all market participants that trade the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. The incentives in the proposed Program do not impact the Exchange's order execution. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the Exchange rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the Exchange in which each participant will expressly agree to comply with and be subject to, applicable regulations and CBOT rules. The proposed Program is subject to the Exchange's record retention policies which comply with the CEA.

CBOT certifies that the Program, and all modifications set out in Exhibit 1, comply with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <a href="http://www.cmegroup.com/market-regulation/rule-filings.html">http://www.cmegroup.com/market-regulation/rule-filings.html</a>
