**RE: Modifications to CME and CBOT E-mini Equity Options Market Making Program on Globex.
CME/CBOT Submission No. 13-225**

Dear Ms. Jurgens:

Chicago Mercantile Exchange Inc. ("CME") and the Board of Trade of the City of Chicago, Inc. ("CBOT") (CME and CBOT collectively the "Exchanges") hereby notify the Commodity Futures Trading Commission ("Commission") that they plan to extend the CME and CBOT E-mini Equity Options Market Maker Program on Globex® ("Program"). The modifications to the Program will become effective on July 1, 2013.

Exhibit 1 sets forth the terms of the Program. The modifications appear below, with additions underscored and deletions ~~overstruck~~.

CME and CBOT business staff responsible for the Program and the CME/CBOT legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodities Exchange Act ("CEA"). During the review, CME and CBOT staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules and Recordkeeping.

The Program's incentive structure as set forth in the Exhibit below is such that it does not incentivize manipulative trading or market abuse and will not impact the Exchanges' ability to perform its trade practice and market surveillance obligations under the CEA. The Exchanges' market regulation staff will continue to monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchanges have implemented systems to track Program participants' obligations to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchanges' order execution. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the CME and CBOT rules include prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the applicable Exchange in which each participant will expressly agree to comply with and be subject to, applicable regulations and CME/CBOT rules. The Program is subject to the Exchanges' record retention policies which comply with the CEA.

CME and CBOT certify that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>
