**RE: CME Position Limit and Reportable Level Table
CME Submission No. 09-129**

Dear Mr. Stawick:

Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby notifies the Commodity Futures Trading Commission that it is amending the Position Limit and Reportable Level Table ("Table") in the Interpretations & Special Notices Section of CME Chapter 5. Pursuant to CME Submission No. 09-124 from June 26, 2009, CME has temporarily suspended trading in S&P 500 Technology SPCTR Index futures and S&P 500 Financial SPCTR Index futures pending changes to the contract specifications on July 27, 2009, when the contract multipliers will be increased to \$250 times the Indexes from \$125 times the Indexes. As a result of the change to the contract multipliers, the position limits will be revised to 12,500 contracts net long or short in all contract months combined from the previous limit of 25,000 contracts all months combined.

The Table will eliminate reference to the contracts until trading resumes on July 27, at which time the contracts will be added to the Table at the revised 12,500 contract limit.

CME certifies that the amendments to the Table comply with the Commodity Exchange Act and regulations thereunder.

If you have any questions regarding this matter, please contact Robert Sniegowski, Associate Director, Market Regulation Department, at 312.341.5991 or me at 312.338.2483. Please reference CME Submission No. 09-129 in any related correspondence.

Sincerely,

/s/ Lisa A. Dunsky
Director and Associate General Counsel
