**RE: Modifications to the New Trader Incentive Program
CME/CBOT/NYMEX Submission No. 13-284**

Dear Ms. Jurgens:

Chicago Mercantile Exchange Inc. ("CME"), the Board of Trade of the City of Chicago, Inc. ("CBOT") and the New York Mercantile Exchange, Inc. ("NYMEX") (CME, CBOT and NYMEX collectively the "Exchanges") hereby notify the Commodity Futures Trading Commission ("Commission") of modifications to the New Trader Incentive Program ("NTIP" or "Program"). The proposed modifications of the Program will become effective on August 1, 2013.

Exhibit 1 sets forth the terms of the Program. Modifications appear below with additions underscored and deletions ~~overstruck~~.

The Exchanges' business staff responsible for the Program and the Exchanges' legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodities Exchange Act ("CEA"). During the review, Exchange staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules and Record Keeping.

The incentive structure of the Program and proposed modifications do not incentivize manipulative trading or market abuse and do not impact the Exchanges' ability to perform its trade practice and market surveillance obligations under the CEA. The Exchanges' market regulation staff will nevertheless continue to monitor trading in the products under the Program to prevent manipulative trading and market abuse. The incentives in the Program do not impact the Exchanges' order execution. Participants in the Program will be selected by the Exchanges' staff using criteria as set forth in Exhibit 1. Chapter 4 of the Exchanges' rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules. The Program and proposed modifications will be subject to the Exchanges' record retention policies which comply with the CEA.

CME, CBOT and NYMEX certify that the Program and proposed modifications comply with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
