**Re: Temporary Close of Trading for Certain Currency Pair Futures Contracts
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6(a)**

Dear Ms. Jurgens:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6(a), ICE Futures U.S., Inc. (the "Exchange") submits notification to the Commission that with the exception of the Russian ruble/ U.S. dollar, Indian rupee/ U.S. dollar, Canadian dollar/U.S. dollar and Million U.S. dollar/Canadian dollar futures contracts, trading of outright and related spread markets for all September 2013 currency pair futures contracts was temporarily closed at 3:00AM Eastern Time on September 16, 2013, the Last Trading Day ("LTD") for each contract, due to a system configuration issue. These markets normally close at 10:16AM Eastern Time on LTD. Accordingly, the outright September 2013 markets were re-opened at 4:45AM and all related spread markets were re-opened at 5:20AM. There were no trades in any of the affected currency pairs either before or after the temporary closure. The Exchange has corrected the configuration and does not anticipate any further issues.

The actions described above were taken in accordance with Rule 6.02(a), which provides that "[i]n the event the physical functions of the Exchange are . . . adversely affected by a 'Physical Emergency', such as . . . computer malfunction, screen-based trading system breakdown... the Vice President, Operations of ICE may take any action which, in the opinion of such officer is necessary or appropriate to deal with the computer malfunction or screen-based trading system disruption in accordance with Exchange procedures relating to such business disruptions. The Exchange's conflict of interest rules were not invoked because no person with a position in Exchange contracts was involved in the decision making process.

The Exchange certifies that the temporary close and re-open complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated

thereunder. The Exchange further certifies that concurrent with this filing, a copy of this submission was posted on the Exchange's website, which may be accessed at (<https://www.theice.com/notices/RegulatoryFilings.shtml>).
