NYSE Liffe U.S. – Extension of Designated Market Maker Program in Precious Metals Futures

Summary

This Notice announces the appointment, for a new term, of Designated Market Makers (“DMMs”) in Precious Metals Futures. Under the Precious Metals Futures DMM Program, the Exchange offers incentives to DMMs to post two-sided quotations, and provide liquidity in, 100 oz. and mini-sized Gold and 5000 oz. and mini-sized Silver Futures. The term of the DMM program will be October 1, 2010 through September 30, 2011.

1. Introduction

- 1.1. NYSE Liffe US Notice 05/2008 announced the appointment pursuant to NYSE Liffe US Rule 426 of DMMs for 100 oz. and mini-sized Gold and 5000 oz. and mini-sized Silver Futures Contracts (collectively, “Precious Metals Futures”) along with corresponding details concerning the program and participation.
- 1.2. NYSE Liffe US Notices 32/2009 and 06/2010 announced the appointment of DMMs for new terms, the latter to expire as of the close of trading on September 30, 2010.

2. Appointment of Designated Market Makers

- 2.1. After considering the performance of the DMMs participating in the initial and second terms of the Precious Metals Futures DMM Program, a core group of firms have been appointed to participate in the DMM program for Precious Metals Futures for a new term, commencing October 1, 2010 and continuing through September 30, 2011.
- 2.2. All DMM appointments are subject to the terms of a contractual agreement between NYSE Liffe US and each DMM. Under the terms of the agreements, each DMM represents that its market making activity will comply with the provisions of the Commodity Exchange Act, the rules and regulations of the Commodity Futures Trading Commission and the Rules of the Exchange. The Exchange will monitor DMMs’ performance of market making activity under those contractual terms, and may adjust benefits otherwise due under the agreement accordingly or terminate the agreement.
