**RE: Modifications (Renewal) to CME E-mini Equity Options Spread Incentive Program
CME Submission No. 12-325**

Dear Ms. Warfield:

Chicago Mercantile Exchange Inc. ("CME" or the "Exchange") hereby notifies the Commodity Futures Trading Commission ("Commission") that it plans to renew the CME E-Mini Equity Options Spread Incentive Program ("Program"). The modifications to the Program will become effective on January 2, 2013.

Exhibit 1 sets forth the terms of the Program. Modifications to the Program are set forth below with additions underscored and deletions ~~overstruck~~.

CME business staff responsible for the Program and the CME legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodities Exchange Act ("CEA"). During the review, CME staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, and Compliance with Rules.

The Program's incentive structure does not incentivize manipulative trading or market abuse and does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange's market regulation staff will nevertheless continue to monitor trading in the Program's products to prevent manipulative trading and market abuse. The incentives in the Program do not impact the Exchange's order execution. Participants in the Program will be selected by the Exchange's staff using criteria as further stated in Exhibit 1. Chapter 4 of the Exchange's rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules.

CME certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>
