**RE: Modifications to the NYMEX International Crude and Refined Products Incentive Program.
NYMEX Submission No 12-339**

Dear Ms. Warfield:

New York Mercantile Exchange, Inc. ("NYMEX," or the "Exchange") hereby notifies the Commodity Futures Trading Commission ("Commission") of certain modifications to the NYMEX International Crude and Refined Products Incentive Program ("Program"). The proposed modifications to the Program will become effective on October 31, 2012.

Exhibit 1 sets forth the terms of the Program. The modifications appear below with additions underscored and deletions ~~overstruck~~.

NYMEX business staff responsible for the Program and the NYMEX legal department collectively reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodities Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules and Recordkeeping.

The Program and proposed modifications will not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA and NYMEX market regulation staff will continue to monitor trading in the Program's products to prevent manipulative trading and market abuse. The products included in this Program are listed for trading in the open and competitive market. Participants who might meet the criteria for this Program generally perform complex trading strategies that include both on-exchange and off-exchange activities. The set of incentives encompassed by the Program have been developed to increase volume across all NYMEX venues through additional execution of these strategies, ultimately having a positive impact on the price discovery process taking place in the centralized market as the Program is designed to increase liquidity on that venue. Participants in the Program will be selected by NYMEX staff using criteria as further stated in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with NYMEX in which each participant will expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program will be subject to the Exchange's record retention policies which comply with the CEA.
