RE: Revisions to CME Globex® Maximum Order Quantities in CME

Eurodollar Futures

CME Submission No. 10-318

Dear Mr. Stawick:

Chicago Mercantile Exchange Inc. ("CME") hereby notifies the Commodity Futures Trading Commission that it is modifying the maximum order quantity that may be entered into CME Globex via a single order entry in CME Eurodollar futures, Sunday, November 21, 2010, for trade date Monday, November 22, 2010. The modifications are being implemented in response to customer request as a means to improve order execution efficiency. The maximum order quantity information is set forth in the CME Globex Price Banding document, which is posted on the CME Group Web site at the following address:

http://www.cmegroup.com/globex/files/PriceBanding.pdf

The revisions to the price banding document concerning the maximum order quantities appear in Note 1 to the Price Banding document and are set forth below, with additions underscored and deletions overstruck.

Note1: The first eight quarterly and serial month expirations and any defined combination which has at least the first leg within the front eight quarterly contracts and serial expirations have an order quantity limit of \$0,000_49,999_contracts. Outright contracts and combinations whose individual legs are exclusively in the last 32 contracts (year three and beyond) are subject to a \$5,000_8,000_contract order limit, as are all CME Eurodollar Packs and Bundle orders

CME certifies that the revisions comply with the Commodity Exchange Act and regulations thereunder.

If you have any questions, please contact Erin Schwartz, Market Regulation, at 312.341.3083 or me at 312.648.5422. Please reference CME Submission No. 10-318 in any related correspondence.

Sincerely,

/s/ Stephen M. Szarmack Regulatory Counsel
