Submission No. 10-58  
December 13, 2010

Mr. David Stawick  
Secretary of the Commission  
Office of the Secretariat  
Commodity Futures Trading Commission  
Three Lafayette Centre  
1155 21<sup>st</sup> Street, NW  
Washington, DC 20581

**Re: RFQ Capability for Exchange Futures Contracts -  
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Stawick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6, ICE Futures U.S., Inc. ("Exchange") submits, by written certification, a notice to the Commission that, effective on Friday, December 17, 2010, the Exchange will implement a Request for Quote ("RFQ") capability for all Exchange futures contracts traded on the Exchange's electronic trading system ("ETS"). The Exchange has already implemented an RFQ capability for the Exchange's options contracts traded on the ETS (see Submission No. 10-42). The RFQ capability allows a market participant to send a message to the ETS indicating an interest in a specific product (*i.e.* an outright futures contract, a spread or option). Once the RFQ is published by the ETS, other market participants can respond by entering a bid and/or offer with such bids and offers being immediately tradeable.

The Exchange certifies that the RFQ capability complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

If you have any questions or need further information, please contact me at 212-748-4084 or [jill.fassler@theice.com](mailto:jill.fassler@theice.com).

Sincerely,

Jill S. Fassler  
Vice President  
Associate General Counsel
