**Re: Trade At Settlement for Russell Futures Contracts -
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Stawick:

In Submission No. 07-67 dated November 15, 2007, ICE Futures U.S., Inc. ("Exchange") submitted, by written certification, amendments to Rule 27.11 to allow for the entry and execution of orders to Trade at Settlement ("TAS"). At the time of the Submission, the Exchange stated that it will initially implement TAS orders in Cotton No. 2 and FCOJ futures contracts to provide market participants with an ETS function similar to Average Price Orders that are executed by open outcry on the trading floor in those markets. The Exchange is notifying the Commission that, on December 21, 2007, it will be extending TAS orders to the Russell futures contracts which are traded electronically.

The Exchange certifies that the implementation of TAS orders for the Russell futures contracts comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.
