Ms. Melissa Jurgens  
Office of the Secretariat  
Commodity Futures Trading Commission  
Three Lafayette Centre  
1155 21st Street, N.W.  
Washington, D.C. 20581

**Re: CFTC Regulation 40.6(a) Certification. Notification of Amendments to Ninety-Eight (98) Electricity Futures.  
NYMEX Submission No. 14-232R**

Dear Ms. Jurgens:

In a previous submission dated July 11, 2014, New York Mercantile Exchange, Inc. (“NYMEX” or “Exchange”) notified the Commodity Futures Trading Commission (“CFTC” or “Commission”) that it would be amending the termination of trading rules for ninety-eight (98) electricity futures contracts, effective July 27, 2014, for trade date July 28, 2014. The Exchange is amending the effective date to Sunday, August 17, 2014, for trade date Monday, August 18, 2014. No other portion of the original filing is being changed.

The termination of trading rules are being amended to allow an earlier termination on the CME Globex trading platform. The termination of trading schedule for open outcry trading on the NYMEX trading floor and for submission for clearing through CME ClearPort will remain unchanged. These amendments are being made to more clearly distinguish the contract specifications from the trading functionalities available to these contracts based on the type of futures contract (i.e. monthly, daily, etc.). As of the date of this filing, there is no open interest in the contracts resulting from trading on CME Globex. Thus, an earlier termination of trading on CME Globex will not negatively affect traders or their positions.

In general, day-ahead daily contracts will cease trading on CME Globex at 4:15 p.m. Chicago Time/CT on the business day prior to the contract day. Day-ahead monthly contracts will cease trading on CME Globex at 4:15 p.m. CT on the last business day of the month preceding the contract month.

Real-time daily contracts will cease trading on CME Globex at 11:59 p.m. local time of the associated independent system operator/regional transmission organization on the contract day. If that time is not within CME Globex regular trading hours, real-time daily contracts will cease trading on CME Globex at 4:15 p.m. CT on the nearest business day on or before the contract day. For example and assuming no holidays, Sunday through Thursday real-time daily contracts will cease trading at 11:59 p.m. local time on the calendar day that is the contract day, which is technically the next business day (trade date) on CME Globex. Friday and Saturday real-time daily contracts will cease trading at 4:15 p.m. CT on Friday.

Real-time monthly contracts will cease trading on CME Globex at 11:59 p.m. local time on the last calendar day of the month preceding the contract month. If that time is not within CME Globex regular trading hours, real-time monthly contracts will cease trading on CME Globex at 4:15 p.m. CT on the nearest business day on or before the last calendar day of the month preceding the contract month. For example and assuming no holidays, if the last calendar day of the month preceding the contract month falls on a Sunday through Thursday, a real-time monthly contract will cease trading at 11:59 p.m. local

time on that day. If the last day of the month prior to the contract month falls on a Friday or Saturday, the real-time monthly contract will cease trading on CME Globex at 4:15 p.m. CT on Friday.

The subject contracts are listed for trading on CME Globex and the NYMEX trading floor, as well as for submission for clearing through CME ClearPort. The trading hours for open outcry are Monday – Friday 9:00 a.m. – 2:30 p.m. New York Time/NYT (8:00 a.m. – 1:30 p.m. CT). The hours for CME Globex and CME ClearPort are Sunday – Friday 6:00 p.m. – 5:15 p.m. NYT (5:00 p.m. – 4:15 p.m. CT) with a 45-minute break each day beginning at 5:15 p.m. NYT (4:15 p.m. CT).

NYMEX business staff responsible for the amendments to the ninety-eight (98) electricity contracts and the NYMEX legal department collectively reviewed the designated contract market (“DCM”) core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“Act” or “CEA”). During the review, NYMEX staff identified that the amendments to the contracts may impact the following Core Principles as follows:

- **Contracts Not Readily Subject to Manipulation:** The contracts are being amended to more clearly distinguish the contract specifications from the trading functionalities available to these contracts based on the type of futures contract (i.e. monthly, daily, etc.). Once the CME Globex trading venue becomes unavailable, market participants will still be able to enter into and exit out of existing positions by trading on the floor or submitting a transaction for clearing through CME ClearPort. Moreover, all of the contracts have spot-month speculative position limits.
- **Prevention of Market Disruption:** An earlier termination of trading on CME Globex will more clearly distinguish the contract specifications from the trading functionalities available to these contracts based on the type of futures contract (i.e. monthly, daily, etc.).
- **Availability of General Information:** The Exchange will make publicly available the details of the contracts’ amendments by publishing a notice to the marketplace. Furthermore, the Exchange will update the NYMEX Rulebook to reflect the amended terms and conditions of the contracts.

Pursuant to Section 5c(c) of the Act and CFTC Regulation 40.6(a), the Exchange hereby certifies that the amendments to the ninety-eight (98) electricity contracts comply with the Act, including regulations under the Act. There were no substantive opposing views to this proposal.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

Should you have any questions concerning the above, please contact the undersigned at (212) 299-2200 or [Christopher.Bowen@cmegroup.com](mailto:Christopher.Bowen@cmegroup.com).

Sincerely,

/s/ Christopher Bowen  
Managing Director and Chief Regulatory Counsel

Attachment: Appendix A – Amendments to Ninety-Eight (98) Electricity Futures

## Appendix A

### Amendments to Electricity Futures

#### Chapter 1041

##### ERCOT Houston 345 kV Hub Day-Ahead 5 MW Peak Calendar-Day Futures

###### 1041.08. TERMINATION OF TRADING

Trading on CME Globex shall cease on the business day prior to the contract day. Trading on the trading floor venue, as well as submission of all block transactions, shall cease on the contract day and, if the contract day is not a business day, trading shall cease on the previous business day.~~Trading shall cease on the business day that is the peak day. When the peak day is not a business day, trading shall cease on the previous business day.~~
