**Re: NYSE Liffe US Submission 2014-105 – Notice Announcing the Renewal of  
the Designated Market Maker Program for Precious Metals Futures.**

Dear Ms. Jurgens:

I am a Senior Vice-President of NYSE Liffe US LLC (“NYSE Liffe US” or the “Exchange”). Pursuant to Section 5c(c) of the Commodity Exchange Act, as amended (the “Act”), and U.S. Commodity Futures Trading Commission (the “Commission”) Regulations (the “Regulations”) Section 40.6(a), I enclose a Cover Sheet for NYSE Liffe US Submission 2014-105 and NYSE Liffe US Notice 6/2014 which announces that the Exchange is renewing the designated market maker program in the 100 oz. and 33.2 oz. mini-sized Gold Futures contracts and the 5,000 oz. and 1,000 oz. mini-sized Silver Futures contracts (collectively “DMM Program for Precious Metals Futures”) effective April 1, 2014.

NYSE Liffe US hereby certifies that: (i) the DMM Program for Precious Metals Futures complies with the Act and the Regulations and (ii) a notice and copy of this submission is being concurrently posted on the Exchange’s web site. Additionally, a concise explanation and analysis of the DMM Program for Precious Metals Futures and its compliance with applicable provisions of the Act, including the Core Principles and the Regulations, is attached. No substantive opposing views were expressed by members or others with respect to the market maker programs.

If you have any questions, please call me at (212) 323-8866.

Yours Truly,

Marco Bianchi

**Designated Contract Market Core Principles Implicated by  
NYSE Liffe US Submission 2014-105**

<b>CORE PRINCIPLE</b>	<b>ANALYSIS</b>
<p><i>Core Principle 2: Compliance with Rules</i></p>	<p>The Exchange has carefully vetted those participants selected for the program. All participants in the program are subject to a market making agreement by which each participant agrees to abide by the Act and all rules, regulations, orders and interpretations of the CFTC and any applicable self-regulatory organization. In addition, the Exchange has the right to terminate the agreement immediately if the membership or trading rights of any market maker are suspended or if, in the opinion of the Exchange's Market Regulation Department, the market maker's activity violates any applicable law or rule. Moreover, each participant agrees to not only comply with the requirements of the program, but also all existing rules of the Exchange including Chapter 3, governing access to the Exchange's Trading Platform, Chapter 6 governing the business conduct of Exchange members and prohibiting, among other things, fraudulent acts, fictitious and pre-arranged trades, market manipulation, disruptive trading practices and acts inconsistent with just and equitable principles of trade. The Exchange monitors its markets on a constant basis in real-time. In addition, through the operation of a regulatory services agreement, the National Futures Association provides to the Exchange comprehensive trade practice and market surveillance services designed to detect activities that are not in compliance with the Act, CFTC Rules, or Exchange rules and policies. Additionally, the Exchange has the authority, through Chapter 7 of the Exchange's rulebook, and the capacity to investigate any possible rule violations and, where appropriate, bring disciplinary actions and impose sanctions for any violations. Finally, the Exchange has in place effective international information sharing arrangements and has entered into accords such as the International Information Sharing Memorandum of Understanding and Agreement, the Intermarket Surveillance Group Agreement, and other agreements and accords.</p>
<p><i>Core Principle 3: Contracts not Readily Subject to Manipulation</i></p>	<p>The program does not incentivize manipulative or other abusive practices. In the Exchange's experience, programs of this type, including the current Precious Metals Futures market maker program, have not promoted abusive practices by participants. Further, the Exchange has policies and procedures to monitor the participants and trading in the Precious Metals Futures and to detect and prevent manipulative or abusive trading and practices.</p>

<b>CORE PRINCIPLE</b>	<b>ANALYSIS</b>
<i>Core Principle 4: Prevention of Market Disruption</i>	Trading by participants in the programs, like all trading in the Precious Metals Futures will continue to be subject to the existing trade practice and market surveillance policies and procedures of the Exchange. As stated above, the Exchange has real-time surveillance capabilities involving both human interaction as well as technological tools. Furthermore, the Exchange staff, in coordination with National Futures Association, has the capacity to detect and respond to manipulation and price distortions in its market and the ability to provide accurate and complete trade reconstruction.
<i>Core Principle 5: Position Limits or Accountability</i>	Participants in the programs will continue to be subject to all applicable position limits.
<i>Core Principle 9: Execution of Transactions</i>	Market maker programs are designed to enhance the centralized market, by providing additional liquidity in the central order book resulting in more consistent, and tighter bids and offers which tend to promote more accurate price discovery. Furthermore, the Exchange will, as it does for all such programs and has for the existing Precious Metals Futures program, monitor the impact, if any, that these programs have on trading on the centralized market and, in the event the Exchange identifies any deleterious effect to the centralized market, will take appropriate action.
<i>Core Principle 10: Trade Information</i>	The Exchange records and maintains an audit trail with all trade information regarding trading by all market participants, including the participants in these programs, necessary to monitor for customer and market abuse.
<i>Core Principle 12: Protection of Markets and Market Participants</i>	Participants in the program remain subject to all of the Exchange's rules. Chapter 6 of the Exchange's rulebook governs the business conduct of Exchange members and prohibits, among other things, fraudulent acts, fictitious and pre-arranged trades and other activities that could disadvantage their customers, disruptive trading practices, as well as acts detrimental to the Exchange, and inconsistent with just and equitable principles of trade. The Exchange monitors for and investigates any possible rule violations, and where appropriate, brings disciplinary actions and imposes sanctions for any violations by any participants in these programs.
<i>Core Principle 13: Disciplinary Procedures</i>	Chapter 7 of the Exchange's rulebook provides for disciplinary procedures by which the Exchange may impose sanctions for any violations of the Exchange's rules, including any violations by participants in these programs.

<b>CORE PRINCIPLE</b>	<b>ANALYSIS</b>
<i>Core Principle 18: Recordkeeping</i>	Data with regard to the programs shall be retained by the Exchange in secured storage for a period of at least five years and be readily accessible and open to review by the CFTC. Additionally, the Exchange has in place business continuity and disaster recovery policies and procedures that provide for back-up and off-site storage of Exchange records.
<i>Core Principle 19: Antitrust Considerations</i>	The program will not result in any restraint of trade as it puts no restrictions on trading in other competing markets.
